Empire of Destruction Aug 13 2022 The first comparative, comprehensive history of Nazi mass killing – showing how genocidal policies were crucial to the regime’s strategy to win the war Nazi Germany killed approximately 13 million civilians and other non-combatants in deliberate policies of mass murder, mostly during the war years. Almost half the victims were Jewish, systematically destroyed in the Holocaust, the core of the Nazis’ pan-European racial purification programme. Alex Kay argues that the genocide of European Jewry can be examined in the wider context of Nazi mass killing. For the first time, Empire of Destruction considers Europe’s Jews alongside all the other major victim groups: captive Red Army soldiers, the Soviet urban population, unarmed civilian victims of preventive terror and reprisals, the mentally and physically disabled, the European Roma and the Polish intelligentsia. Kay shows how each of these groups was regarded by the Nazi regime as a potential threat to Germany’s ability to successfully wage a war for hegemony in Europe. Combining the full quantitative scale of the killings with the individual horror, this is a vital and groundbreaking work.

A Man Called Destruction Aug 21 2020 The first biography of the artist who “essentially invented indie and alternative rock” (Spin) A brilliant and influential songwriter, vocalist, and guitarist, the charismatic Alex Chilton was more than a rock star—he was a true cult icon. Award-winning music writer Holly George-Warren’s A Man Called Destruction is the first biography of this enigmatic artist, who died in 2010. Covering Chilton’s life from his early work with the chart-topping Box Tops and the seminal power-pop band Big Star to his experiments with punk and roots music and his sprawling solo career, A Man Called Destruction is the story of a musical icon and a richly detailed chronicle of pop music’s evolution, from the mid-1960s through today’s indie rock.

Idols for Destruction Feb 24 2021 "The bookshelf next to my desk holds Christian classics and books I refer to often. Idols sits on that shelf, for Herb's lucid critique has been an invaluable reference for my own writings. It helps believers to understand the ideologies that undergird secular culture, and how they dramatically--and dangerously--differ from the Judeo-Christian view based on adherence to absolute truth." -- Charles Colson, Prison Fellowship "Well-written and highly readable... discerning and critical analysis of our times; a stimulating contribution." --Carl F. H. Henry "This book has become a vade mecum for thousands of Christians who understand the cultural disaster of our time and are determined to do something about it." --Richard John Neuhaus, Editor-in-chief, First Things "Now that Francis Schaeffer is no longer with us, Schlossberg is just about the most provocative Christian thinker around." --Harold O. J. Brown, Professor of Theology, Trinity Evangelical Divinity School "Years before anyone talked about an American 'culture war,' Herb Schlossberg penned an acute description of the crisis of virtue that is the domestic issue of the 1990s. His diagnosis remains essential reading for everyone who believes that self-governing republic requires self-governing and morally serious citizens." --George Weigel, President, Ethics and Public Policy Center "Thorough, provocative and especially penetrating. If you want to think Christianly about culture Idols for Destruction is must reading" --John H. White, President, Geneva College

Empire of Destruction Dec 25 2020 The first integrative history of Nazi mass killing--showing how policies of mass murder were crucial to the regime's strategy to win the war

Workshops of Destruction Jan 14 2020

Book of Destruction Sep 02 2021 Murder is committed for its own sake in the three fictional episodes of The Book of Destruction. In ‘The Gardener’, the narrator learns from the thug Seshadri that he has been selected for assassination for no reason but the pure purpose of killing. A discotheque is bombed out of existence in ‘The Hotelier and the Traveller’. In the third episode, leading the narrator to an elaborately staged orgy and sacrifice, stitched clothes escape from a tailor’s shop and soar down the streets to take over bodies. The cruelty of killers and the wretchedness of victims are shifted to the margins as the novel focuses on the act of murder. In his inimitable style, Anand takes the mesmerized reader on a journey of three stages—the practice of killing, the sacrifice of the victim and the sacrifice of the sacrificer—before bringing the story of destruction to its finale.

The Voice of Destruction May 10 2022 A frequent guest of Hitler for long periods of time, Rauschnig resigned from his post as president of the Danzig senate in 1934 and severed his ties with the Nazi Party. He transcribed conversations with Hitler from 1932 to 1934 as he speaks clearly of destroying all that stands in the way of German supremacy.

On the Edge of Destruction Jun 18 2020 The Holocaust virtually destroyed the Jews of Poland, once a community of more than three million, constituting ten percent of the population, and the oldest continuous Jewish community in a European country. On the Edge of Destruction looks at the rich and complex nature of that community and the tremendous pressures under which it lived before the tragic end.

Eve of Destruction Nov 04 2021 'It is certainly a good thing for the world that Hitler's crowd or Stalin's did not discover this atomic bomb. It seems to be the most terrible thing ever discovered' - US President Harry S. Truman Truman evidently understood the terrifying power of atomic weaponry, but no one could have realised its full potential when he ordered the bombings of Hiroshima and Nagasaki in August 1945. Those military attacks, along with the disasters at the Fukushima and Chernobyl nuclear reactors, might immediately spring to mind at the mention of nuclear destruction, but the vast majority of the events recorded in this book are entirely unknown to most people. This book records the facts - many of them still shrouded in secrecy - which show a worrying truth: we have teetered precariously on the brink of Armageddon far more frequently than the general public realises. Since that first and last atomic war in 1945, there have been a terrifying number of nuclear accidents and mishaps, from the careless or accidental to the genuinely intentional and only narrowly averted. Despite the catastrophic nature of any nuclear conflict, we have come to the very borders of such a situation ten times since the 1960s. Most people know about the Cuba Missile Crisis, and a few about Operation Able Archer in 1984, which, if anything, was even more frightening than Cuba, but there have been eight other occasions that might easily have toppled over into outright war. These were potential conflicts; but there have been other accidents, such as the reactor meltdown at the nuclear generating plant at Three Mile Island, Pennsylvania, in 1979, or the 'Palomares Incident' in 1966, when a USAF B-52 bomber crashed after a mid-air collision, dropping four hydrogen bombs on Spanish soil . . . Eve of Destruction is a warning from history - recent history. It is a call to sit up and listen, and to take note of the very real danger of nuclear catastrophe. It is a timely and important book because, after all, the future of our planet has to concern us all.

The Incredible True Story of the Making of the Eve of Destruction Feb 07 2022 "Though the story takes place in the '80s, it feels eerily timely."—Bustle Arkansas, 1984: The town of Griffin Flat is known for almost nothing other than its nuclear missile silos. MAD—Mutually Assured Destruction—is a fear every local lives with and tries to ignore. Unfortunately that’s impossible now that film moguls have picked Griffin Flat as the location for a new nuclear holocaust movie, aptly titled The Eve of Destruction. When sixteen-year-old Laura Ratliff wins a walk-on role (with a plus-one!) thanks to a radio call-in contest, she is more relieved than excited. Mingling with Hollywood stars on the set of a phony nuclear war is a perfect distraction from being the only child in her real nuclear family—which has also been annihilated. Her parents are divorced, and her mother has recently remarried. Her father, an officer in the Strategic Air Command, is absent . . . except when he phones at odd hours to hint at an impending catastrophe. But isn’t that his job? Laura’s only real friend is her new stepbrother, Terrence. She picks him as her plus-one for the film shoot, enraging her fair-weather friends. But their anger is nothing compared to what happens on set after the scripted nuclear explosion. Because nobody seems to know if a real nuclear bomb has detonated or not.

Soldiers of Destruction Jun 11 2022 Charles Sydnor relates the political and military experience of the SS Totenkopfdivision to the institutional development of the SS and the ideological objectives of Nazi Germany.

Path of Destruction Jan 18 2023 At 5:02 A.M. on August 29, 2005, Power Went Out in the Superdome. Not long after, wind ripped giant white rubber sheets off the roof and sent huge shards of debris flying toward Uptown. Rivulets of rainwater began finding their way down through the ceiling, dripping and pouring into the stands, the mezzanine, and the football field. Without ventilation, the air began to get gamy with the smell of sweat and garbage. The bathrooms stopped working. Many people slept; others waited, mostly in silence.

Path of Destruction: Star Wars Legends (Darth Bane) Feb 13 2020 This essential Star Wars Legends novel is the first in a trilogy chronicling the rise of the fearsome Sith lord Darth Bane. “A solid space adventure [that] charts the evolution of an antihero almost as chilling as Darth Vader.”—Publishers Weekly On the run from vengeful Republic forces, Dessel, a cortosis miner, vanishes into the ranks of the Sith army and ships out to join the bloody war against the Republic and its Jedi champions. There Dessel’s brutality, cunning, and exceptional command of the Force swiftly win him renown as a warrior. But in the eyes of his watchful masters, a far greater destiny awaits him. As an acolyte in the Sith academy, studying the secrets and skills of the dark side, Dessel embraces his new identity: Bane. But the true test is yet to come. In order to gain acceptance into the Brotherhood of Darkness, he must defy the most sacred traditions and reject all he has been taught. It is a trial by fire in which he must surrender fully to the dark side—and forge from the ashes a new era of absolute power.

The Eve of Destruction Apr 09 2022 As I mingled among my fellow graduates, my view of the future did not extend much beyond the following day, when I would be heading to the beach. College in the fall was too far in the future to contemplate now. The only days that held relevance were the next ninety-nine, which would fashion what I hoped to be my best summer yet. So begins The Eve of Destruction, David Dickey’s coming-of-age tale about the summer of 1965, a tranquil time when the country rested unwittingly on the brink of a cultural revolution. Follow eighteen-year-old Dane, Woody, and the crew around their Southern California neighborhoods as they experience the ups and downs of friendship and young love, and wrestle with some of life's basal choices. Join them on misadventures and general teenage mischief as they seek revelry and endure summer jobs. With music, cars, and popular culture of the decade woven into the backdrop, The Eve of Destruction is a nostalgic story about the 1960's and a worthy ode to the Boomer generation.

Darth Bane Nov 11 2019 A look at the life of the Sith warrior who became Darth Bane.

The Literature of Destruction Nov 23 2020 Gathers short stories, diaries, sermons, essays, and poems written in response to the Spanish Inquisition, martyrdom, Russian pogroms, and the Holocaust

Books on Fire Sep 14 2022 Almost as old as the idea of the library is the urge to destroy it. Author Lucien X. Polastron traces the history of this destruction, examining the causes for these disasters, the treasures that have been lost, and where the surviving books, if any, have ended up. Books on Fire received the 2004 Societe des Gens de Lettres Prize for Nonfiction/History in Paris.

The Eve of Destruction Jan 06 2022 Argues that 1965, not 1968, was the most transformative year of the 1960s, discussing attacks on civil rights demonstrators, increased African American militancy, the Watts riots, anti-war protests, and a growing national pessimism.

Weapons of Math Destruction Mar 16 2020 "A former Wall Street quantitative analyst sounds an alarm on mathematical modeling, a pervasive new force in society that threatens to undermine democracy and widen inequality,"--NoveList.

The Nine Unknown Nov 16 2022 The "Nine Unknown Men" are a fictional secret society founded by the Mauryan Emperor Asoka around 270 BC to preserve and develop knowledge that would be dangerous to humanity if it fell into the wrong hands. The nine men are embodiment of good and face up against nine Kali worshippers, who sow confusion and masquerade as the true sages. The story surrounds a priest called Father Cyprian who is in possession of the books but who wants to destroy them out of Christian piety, and a number of other characters who are interested in learning their contents. The nine books entrusted to the Nine Unknown contain information on (1) Propaganda and Psychological warfare, (2) Physiology, including secrets concerning the "touch of death", (3) Microbiology, (4) Alchemy, (5) Communication, including communication with extraterrestrials, (6) Gravity, and anti-gravity devices (Vimanas, mythological flying machines of ancient India), (7) Cosmology, including hyperspace and time-travel, (8) Light, and a technology capable of modifying the speed of light and (9) Sociology, including rules predicting the rise and fall of empires.

Angels of Destruction Dec 17 2022 "A magical tale of love and redemption that is as wonderfully written as it is captivating . . . Angels earns its wings." –Pittsburgh Post-Gazette Margaret Quinn lives alone, quietly mourning the disappearance of her only child, who fled ten years earlier to join a radical student group known as the Angels of Destruction. On a cold winter’s night, a nine-year-old girl arrives on Margaret’s doorstep, claiming to be an orphan with no place to go. This child beguiles Margaret, and together they hatch a plan to pass her off as her newly found granddaughter, Norah Quinn. Their conspiracy is made vulnerable by Norah’s magical revelations to the children of the town, and by a lone figure shadowing the girl, who threatens to reveal the child’s true identity and purpose. Who are these strangers really? And what is their connection to the past, the Angels, and Margaret’s long-missing daughter?

Seeds of Destruction Jun 30 2021

Massa's Weapon of Destruction: The Nigga Oct 11 2019 There is an adversary in black America, one that has gone unnoticed and unpunished yet has done enormous harm to black civilization. an adversary who has been blamed and still does for the mental, physical, and chemical mutilation of black life: the white man. a hostile force that has undermined black people by committing numerous acts of treason but attributes their behavior to their condition and the activities of the white man. We know who caused the issues in Black America and Black civilization, but it is our people who are carrying the torch to keep our people under oppression and essentially dead as a nation. We need a change in Black America because it is past time for us to be held responsible for our actions. The time has come for us to wake up, band together, and expel every traitor from our midst.

Burning the Books Oct 23 2020 The director of the famed Bodleian Libraries at Oxford narrates the global history of the willful destruction—and surprising survival—of recorded knowledge over the past three

millennia. Libraries and archives have been attacked since ancient times but have been especially threatened in the modern era. Today the knowledge they safeguard faces purposeful destruction and willful neglect; deprived of funding, libraries are fighting for their very existence. *Burning the Books* recounts the history that brought us to this point. Richard Ovenden describes the deliberate destruction of knowledge held in libraries and archives from ancient Alexandria to contemporary Sarajevo, from smashed Assyrian tablets in Iraq to the destroyed immigration documents of the UK Windrush generation. He examines both the motivations for these acts—political, religious, and cultural—and the broader themes that shape this history. He also looks at attempts to prevent and mitigate attacks on knowledge, exploring the efforts of librarians and archivists to preserve information, often risking their own lives in the process. More than simply repositories for knowledge, libraries and archives inspire and inform citizens. In preserving notions of statehood recorded in such historical documents as the Declaration of Independence, libraries support the state itself. By preserving records of citizenship and records of the rights of citizens as enshrined in legal documents such as the Magna Carta and the decisions of the US Supreme Court, they support the rule of law. In *Burning the Books*, Ovenden takes a polemical stance on the social and political importance of the conservation and protection of knowledge, challenging governments in particular, but also society as a whole, to improve public policy and funding for these essential institutions.

Wave of Destruction Sep 21 2020 Four Southeast Asia tsunami survival stories offer insight into the experiences of people who heroically endured devastating odds in their determination to stay alive, recounting their painful losses of families, friends, and homes and their subsequent efforts to rebuild. 50,000 first printing.

Creation and Destruction May 18 2020 In 1989, David Tsumura published a monograph entitled *The Earth and the Waters in Genesis 1 and 2: A Linguistic Evaluation*, in which he demonstrated that the oft-recited claim that the early chapters of Genesis betrayed a background or adaptation by Israel of mythological terms and/or motifs from other ancient Near Eastern literature could not be supported by a close examination of the linguistic data. Despite the book's positive reception, the notion that the Chaoskampf motif lies behind the early chapters of Genesis continues to be rehearsed in the literature as if the data were incontrovertible. In this revised and expanded edition of the 1989 book, Tsumura carries the discussion forward. In part 1, the general thesis of the original work is restated in a significantly revised and expanded form; in the second part of this monograph, he expands the scope of his research to include a number of poetic texts outside the Primeval History, texts for which scholars often have posited an ancient Near Eastern mythological substratum. Among the questions asked are the following: What are the functions of "waters" and "flood" in biblical poetry? Do the so-called chaos dragons in the Old Testament, such as Leviathan, Rahab, and Yam, have anything to do with the creation motif in the biblical tradition? What is the relationship between these poetic texts and the Ugaritic myths of the Baal-Yam conflict? Are Psalms 18 and 29 "adaptations" of Canaanite hymns, as suggested by some scholars? Among the conclusions that Tsumura reaches are these: (1) The phrase *tohu wabohu* has nothing to do with the idea of a chaotic state of the earth. (2) The term *tehom* in Gen 1:2 is a Hebrew form derived from the Proto-Semitic **tiham-*, "ocean," and it usually refers to the underground water that was overflowing and covering the entire surface of the earth in the initial state of creation. (3) The earth-water relationship in Gen 2:5-6 is different from that in Gen 1:2. In Gen 1:2, the earth was totally under the water; in Gen 2:5-6, only a part of the earth, the land, was watered by the 'ed-water, which was overflowing from an underground source. (4) The biblical poetic texts that are claimed to have been influenced by the Chaoskampf-motif of the ancient Near East in fact use the language of storms and floods metaphorically and have nothing to do with primordial combat.

The Destruction of the Books Dec 05 2021 One hundred years after the events of *The Rover*, master librarian Edgewick Lamplighter sends his bored halfling apprentice, Jugh, to retrieve an enchanted rare book that sets fire to the Great Library Vault's priceless collection.

Book Destruction from the Medieval to the Contemporary Mar 28 2021 This rich and varied collection of essays by scholars and interviews with artists approaches the fraught topic of book destruction from a new angle, setting out an alternative history of the cutting, burning, pulping, defacing and tearing of books from the medieval period to our own age.

Eve of Destruction Jul 20 2020 Class is in, but Evangeline Hollis is struggling to get through the requisite training to be a full-fledged Mark. When her class goes on a field trip to an abandoned military base, passing the course isn't just a matter of pride...it's a matter of life and death. There's a demon hidden among them, killing off Eve's classmates one by one. In *Eve of Destruction*, as the body count mounts, a ragtag team of cable TV ghost hunters unwittingly stumbles into the carnage. Now keeping the Mark system secret competes with the need to keep the "paranormal researchers" alive. With Cain on assignment and Abel on an investigation, Eve must fly solo on her hunt to stop a killer before he strikes again. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The capitalist mode of destruction Apr 16 2020 The capitalist mode of destruction traces contemporary capitalism's economic, ecological and democratic crises. Combining insights from a range of disciplines, including psychology, sociology and political economy, Panayotakis interprets these crises as manifestations of a previously unrecognized contradiction: over time, the benefits of capitalism's technological dynamism tend to decline even as its threats to humanity and the planet continue to mount. To explain this contradiction, the book analyzes the production and distribution of surplus in capitalist societies and rethinks the concept of surplus itself. Identifying the public sector and households as sites of production no less important than the workplace, this book attributes capitalism's contradictions to working people's lack of control over the surplus they produce. This lack of control is undemocratic and threatens the planet. Only a classless society, in which working people democratically determine the size and use of the surplus they produce, can effectively respond to our current predicament. Recognizing such a democratic classless society as the essence of the communist ideal, the book argues that, far from becoming obsolete, this ideal is ever more indispensable. But since the necessity of this ideal does not guarantee its realization, the book also investigates the conditions necessary for the formation of an anti-capitalist alliance for social justice, democracy and ecological sustainability.

Destruction Feb 19 2023 Lianna Mercier has everything. She's beautiful, well-educated, her father is rich, powerful and she works for him. The perfect little princess, raised to be just like daddy. A bloody, screwed up lie, and David Gethen is about to tear it all down and destroy Lianna in the process. He wants revenge, he wants to finish the plan his father started years ago but after he takes her, after he tortures her, he begins to realize just how wrong he may have been

Seeds of Destruction Oct 15 2022 This skillfully researched book focuses on how a small socio-political American elite seeks to establish control over the very basis of human survival: the provision of our daily bread. "Control the food and you control the people." This is no ordinary book about the perils of GMO. Engdahl takes the reader inside the corridors of power, into the backrooms of the science labs, behind closed doors in the corporate boardrooms. The author cogently reveals a diabolical World of profit-driven political intrigue, government corruption and coercion, where genetic manipulation and the patenting of life forms are used to gain worldwide control over food production. Engdahl's carefully argued critique goes far beyond the familiar controversies surrounding the practice of genetic modification as a scientific technique. The book is an eye-opener, a must-read for all those committed to the causes of social justice and World peace.

The Archaeology of Destruction Dec 13 2019 Buildings and landscapes are traditionally analysed with their construction and use in mind, with less interest shown in their destruction or *â ~endâ* (TM). This innovative book, canvassing the opinions of historians, archaeologists, and other professionals, highlights the complexity of destruction both as a concept and a phenomenon. Drawing from a variety of time periods and cultures, it explores the multiplicity of meanings that destruction can have, and the many complications this creates. Included in this are the politics behind how destruction is remembered (or forgotten), the logistical and ethical dilemmas it presents us with, and the power tensions and transitions that often accompany it. One of the most fundamental themes explored in this book is what destruction is: who defines it and how we choose to recognise it, and why these questions need to be debated. It clearly demonstrates the importance of understanding the complexity of destructive acts, and argues that the best way to achieve this is by establishing channels of dialogue between archaeologists and other disciplines.

Days of Destruction, Days of Revolt Jul 12 2022 The Pulitzer Prize-winning author of *Empire of Illusion* and an American Book Award-winning cartoonist present a scathing graphic report on the crises facing America's poor as reflected in the city of Camden, New Jersey, tracing its descent from an industrial giant to a region torn by unemployment, open-air drug markets and budget cuts.

Trail of Destruction Apr 28 2021 In this chilling tale from the bestselling author of *Wall of Silence*, a spark of malice ignites into an inferno of violence. Can one woman uncover the truth before it all goes up in flames? Eager for distraction in the aftermath of her messy divorce, Ellie Mileham dives into moderating the petty squabbles on her local Facebook group. When a prankster starts trolling uptight members, it's a welcome diversion at first. But then the war of words moves onto the streets of Forest Grove, with threatening letters escalating into violent destruction. It's suddenly clear there's something much more dangerous at play. With lives at risk, Ellie delves into the history of Forest Grove and realises the so-called rural paradise has a dark and sinister heart. As she pieces together the puzzle of her own troubled childhood on the edge of the forest, Ellie learns this is not the first time the villagers have been targeted by an anonymous vigilante with an axe to grind... Could the two cases be connected? Ellie is determined to find out. But with everybody watching and nobody quite what they seem, can she uncover the truth before online threats become nightmarish reality?

Winds of Destruction Mar 08 2022 The British Empire was dismantled by successive British governments who forsook policies of strength for those of appeasement. *Winds of Destruction* tells of Rhodesia's war against British political deceit and Russian imperialism.

Godzilla - The Art of Destruction Jan 26 2021 An extraordinary new vision for the beloved character presented through a dynamic selection of concept illustrations, sketches, storyboards, and other materials. Featuring interviews with the film's director and key crew and cast, this is the complete story of the making of *Godzilla*, from concept to final frames.

A Universal History of the Destruction of Books Oct 03 2021 Examines the many reasons and motivations for the destruction of books throughout history, citing specific acts from the smashing of ancient Sumerian tablets to the looting of libraries in post-war Iraq.

The Wages of Destruction May 30 2021 In this groundbreaking new history, Tooze provides the clearest picture to date of the Nazi war machine and its undoing. 16-page photo insert.

The Book of Monsters Aug 01 2021 Introduces readers to the villains who threaten Knighton and the Nexo Knights who fight to stop them.
