Candy* is a deliciously entertaining novel about what it's like to come of age in Hollywood while starring in a reality TV show, written by a young woman who has experienced it all firsthand: Lauren Conrad. Fashion designer and TV personality Lauren Conrad brings her insider knowledge of the highs and lows of life in the spotlight to this juicy *New York Times* bestselling series. *Los Angeles* is all about the sweet life: hot clubs, cute guys, designer...everything. Nineteen-year-old Jane Roberts can't wait to start living it up. She may be in L.A. for an internship, but Jane plans to play as hard as she works, and has enlisted her BFF Scarlett to join in the fun. When Jane and Scarlett are approached by a producer who wants them to be on his new series, a "reality version of *Sex and the City*," they can hardly believe their luck. Their own show? Yes, please! Soon Jane is TV's hottest star. Fame brings more than she ever imagined possible for a girl from Santa Barbara—free designer clothes, the choicest tables at the most exclusive clubs, invites to Hollywood premieres—and she's lapping up the VIP treatment with her eclectic entourage of new pals. But those same friends who are always up for a wild night are also out for a piece of Jane's spotlight. In a city filled with people chasing after their dreams, it's not long before Jane

wakes up to the reality that everyone wants something from her, and nothing is what it seems to be. So damn sweet, I cause cavities. S'up? I'm Candy. Excuse the name. The old walking womb was a stripper back in her prime and I was a client gone wrong. She thought after years of group homes and rejection, I'd run back into her arms and join the family business. No thanks. The only circles I run in are the ones my bubblegum bubbles make. Don't worry about my teeth though, sugar-free as always. I'm not a complete psycho. Oh except for my passive-aggressive, potty-mouthed, imaginary best friend who happens to be a gummy bear. That part is pretty nuts. I was thoroughly enjoying myself, doing whatever the hell I wanted until a group of model-worthy bikers try to muscle in on my heist. They don't seem to realise those with barely any personal belongings tend to grow protective of what's theirs, and by taking one of my beloved possessions, they've signed their own death warrants. Fooling them with my sickly sweet smile, I'll slip past their defences and claim back what's rightfully mine, no matter the cost. Despite how hard they try, I won't be deterred from my new mission. Putting bullies back in their place when no one else can. I've got you in my sights now boys, and no one screws over Candy Crystal twice. P.S, yeah, the stripper name game is on point. Trigger Warning: This is book one of the I Love Candy series, featuring a feisty female lead. Candy is spontaneous, impulsive and reckless, which makes this book inappropriate for under 18's. She gives as good as she gets, causing chaos and leaves you wondering who is bullying who! Expect excessive amounts of steam,

violence and cursing throughout. This series is a RH trilogy with a HEA...eventually. Estes Park, Colorado: picturesque mountains, charming shops, delightful bakeries, a cozy bookstore... and murder. Determined to prove quirky Barry innocent of murder, Fred puts on her detective hat, and with Watson by her side, she explores her new town and gets acquainted with her fellow shopkeepers. Could one of her friendly neighbors be the real culprit? And what would be the motive for killing the owner of the Sinful Bites candy store? The secrets Fred discover put her at odds with the local police sergeant and threaten her cozy future in Estes. With snow falling outside, all Fred wants to do is curl up by the fire with a good book and Watson snuggled at her feet. But before she can begin her new life and put her plans for her bookshop into action, Fred and Watson have a mystery to solve... When fifth-graders Nate, Summer, Trevor, and Pigeon meet the new candy store owner Mrs. White, she gives them magical candy that endows them with super powers, but soon they find that along with these benefits are dangerous consequences. Kat Jennings and Scott Murphy don't just play two people who are secretly in love on a television sitcom--they are also head over heels for each other in real life. When the lines between reality and TV land blur, they hope they can keep their relationship under wraps. But when Kat's grandmother, an aging Hollywood starlet with a penchant for wearing elaborate evening gowns from Golden Age movies, mistakes their on-screen wedding proposal for the real deal, things begin to spiral out of their control. Will their secret be front-page news in the tabloids tomorrow? And can their budding romance survive the onslaught of paparazzi, wedding preparations, and misinformed in-laws? From the sound

stage to a Beverly Hills mansion to the gleaming Pacific Ocean, *Stars Collide* takes readers on a roller-coaster tour of Tinseltown, packing both comedic punch and tender emotion. There were good times and bad times, but in the beginning there were more good times. When I first met Candy those were the days of juice, when everything was bountiful. Only much later did it all start to seem like sugar and blood, blood and sugar...It's like you're cruising along in a beautiful car on a pleasant country road with the breeze in your hair and the smell of eucalyptus all around you. The horizon is always up there ahead, unfolding towards you, and at first you don't notice the gradual descent, or the way the atmosphere thickens. Bit by bit the gradient gets steeper, and before you realise you have no brakes, you're going pretty fucking fast.' Candy is a love story. It is also a novel about addiction. From the heady narcissism of the narrator's first days with his new lover, Candy, and the relative innocence of their shared habit, Candy charts their decline. Candy becomes a prostitute, the narrator becomes a scam artist, and smack becomes the total and only focus of their lives. But this is not just another junkie novel: Davies is a very fine writer and Candy is confronting, painful, sexy, tender and at times darkly hilarious. A remarkable novel. Don't trust lust at first sight. One woman chooses reality over fantasy in this friends-to-lovers romance, a steamy standalone by “an author to keep your eye on” (Katee Robert).  
Jacqueline: As an adult woman—and the vice president of a marketing firm—I shouldn't be waiting by my office window to ogle the mystery man who jogs by every morning at 11:45.

Sure, he's a gorgeous, perfect specimen of the human race, but I can't bring myself to hit on a total stranger. However, my best friend-slash-colleague Vince Carson thinks I should do more than talk to the guy. In fact, he's borderline obsessive about "getting me laid." (His words.) But the more time we spend together, the more it's clear: The one I'm falling for is Vince. Vince: Jackie Butler's got it bad for some pompous, over-pumped A-hole who struts his stuff past her window. That doesn't bother me. I know she deserves nice things. What does bother me is that she friend-zoned me big-time last year, so I can't ask her out myself. But what if I set her up with Mr. Steroids? Then, when he breaks her heart, I can swoop in and save her like the nice guy I am. Everything's going according to plan . . . until we share a ridiculously epic kiss. And suddenly anything is possible. Candy trilogy is a fast-paced, fun, and realistic depiction of coming of age in Hollywood while starring in a reality TV show—written by a star who's experienced it all firsthand: Lauren Conrad, of MTV's #1 show *The Hills*. This #1 *New York Times* bestselling series provides a scandalous peek into the life of new reality celebrity Jane Roberts while dishing Hollywood gossip and drama at every turn. Includes: *L.A. Candy Sweet Little Lies: An L.A. Candy Novel* *Sugar and Spice: An L.A. Candy Novel* *Sugar and Spice...not everyone's nice*. In the deliciously entertaining conclusion to the L.A. Candy series, *New York Times* bestselling author and star of the hit TV show *The Hills* Lauren Conrad pulls back the curtain on young Hollywood and shows that sometimes the real drama is behind the scenes. Fresh from being betrayed by one of her closest friends, new reality-TV celebrity Jane Roberts has learned a few lessons. Most important: know who to trust. And in Hollywood, that list is short. Although the press is intent on creating a tabloid war between her and ex-friend, current-costar Madison Parker, Jane just wants to take control of her life. She's started by swearing off guys and the drama that comes with them. But when her high school sweetheart Caleb and her unrequited L.A. crush Braden show up, both acting sweeter than ever, Jane has a hard time remembering her no-boys rule.... Her best friend, Scarlett, has only one guy on her mind: her new boyfriend, Liam. The girl who once thought love was a four-letter word is now head over heels. The problem is, being on a hit reality show means hanging out with other guys on-camera, and Liam isn't too happy

with pretending to play a bit part in her love life. Just when everything feels out of control, Jane makes a shocking discovery—one that changes everyone’s definition of “reality” forever. Decreed by David Letterman (tongue in cheek) on CBS TV’s The Late Show to be the pick of “Dave’s Book Club 2006,” Candy Girl is the story of a young writer who dared to bare it all as a stripper. At the age of twenty-four, Diablo Cody decided there had to be more to life than typing copy at an ad agency. She soon managed to find inspiration from a most unlikely source— amateur night at the seedy Skyway Lounge. While she doesn’t take home the prize that night, Diablo discovers to her surprise the act of stripping is an absolute thrill. This is Diablo’s captivating fish-out-of-water story of her yearlong walk on the wild side, from quiet gentlemen’s clubs to multilevel sex palaces and glassed-in peep shows. In witty prose she gives readers a behind-the-scenes look at this industry through a writer’s keen eye, chronicling her descent into the skin trade and the effect it had on her self-image and her relationship with her now husband. "A book as sweet as the candy that fills its pages." - Kirkus Reviews

In this delightfully illustrated picture book, readers explore the original FOMO (Fear of Missing Out) as four children imagine what wild, zany, and impossible adventures the adults in their lives must surely get up to when they are not with them. Four different children from three different families ponder what the adults in their lives do during the day. Are they jumping on trampolines? Are they eating cake and ice cream while riding birthday ponies? Are they eating candy with other adults? After a series

of hilariously illustrated and wildly imaginative scenarios, readers learn an important lesson: The adults who love them think about them constantly and are most definitely, certainly, ABSOLUTELY . . . not eating candy without them. Or are they? Just remembering the crispy fried chicken and luscious peach cobblers a grandmother or aunt used to make can set your mouth watering. Janis Thiessen profiles several iconic Canadian snack food companies, including Old Dutch Potato Chips, Hawkins Cheezies, and chocolate maker Ganong. These companies have developed in distinctive ways, reflecting the unique stories of their founders and their intense connection to specific locations. These stories of salty or sweet confections also reveal a history that is at odds with popular notions of "junk food." Through extensive oral history and archival research, Thiessen uncovers the roots of our deep loyalties to different snack foods, what it means to be an independent snack food producer, and the often-quirky ways snacks have been created and marketed. Clearly written, extensively illustrated, and lavish with detail about some of Canadians' favorite snacks, this is a lively and entertaining look at food and labour history.
