[Pierre Musso and the Network Society](#) Feb 28 2023 This book is devoted to discussion of the views of Pierre Musso and starts with a central chapter written by Musso, entitled Network Ideology: from Saint-Simonianism to the Internet . Pierre Musso is a French philosopher and is one of the most original thinkers in the history of the network society. His thought develops a critique of information and communication technologies through their imaginary and social representations and of the information society, based on the network metaphor. The main question on which Musso has focused his attention is how the network metaphor is one of the most powerful ways of understanding the complex societies in which we live. Showing characteristic attention to detail, and drawing on the history of ideas, political philosophy and sociology, Musso traces the genealogy of the network imaginary, and points out that it did not emerge with the Internet. He shows how its modern roots can be found in Henri de Saint-Simon and his disciples, engineers and entrepreneurs such as Michel de Chevalier, and Barthélemy Prosper Enfantin, who developed channel networks, railroads, and the telegraphic network in France in the nineteenth century. In addition to the central piece written by Musso, the book includes a general introduction and six commentaries from experts on information technologies and networks. It displays a wide range of perspectives from a diverse set of authors in terms of nationalities and universities, as well as disciplinary backgrounds.

*Humanist Taste and Franciscan Values* Apr 18 2022 Cornelio Musso (1511-1574) has been hailed by his own and subsequent generations as a -Michelangelo of words, - a modern Demosthenes, - and the -Chrysostom of the Italians- who brought humanist style and rhetoric to bear on Italian preaching. When Musso discussed preaching, however, he emphasized the values of his Franciscan Order. This study describes the influence of the Franciscan preaching tradition and the relationships between the tastes of Musso's humanist culture and the values of his Franciscan heritage in his sermons. It makes the case for emphasizing continuity with the traditions of the medieval preaching orders as well as humanistic innovations for understanding early modern Catholic preaching."

[Catholic Spectacle and Rome's Jews](#) Aug 30 2020 A new investigation that shows how conversionary preaching to Jews was essential to the early modern Catholic Church and the Roman religious landscape Starting in the sixteenth century, Jews in Rome were forced, every Saturday, to attend a hostile sermon aimed at their conversion. Harshly policed, they were made to march en masse toward the sermon and sit through it, all the while scrutinized by local Christians, foreign visitors, and potential converts. In *Catholic Spectacle and Rome's Jews*, Emily Michelson demonstrates how this display was vital to the development of early modern Catholicism. Drawing from a trove of overlooked manuscripts, Michelson reconstructs the dynamics of weekly forced preaching in Rome. As the Catholic Church began to embark on worldwide missions, sermons to Jews offered a unique opportunity to define and defend its new triumphalist, global outlook. They became a point of prestige in Rome. The city's most important organizations invested in maintaining these spectacles, and foreign tourists eagerly attended them. The title of "Preacher to the Jews" could make a man's career. The presence of Christian spectators, Roman and foreign, was integral to these sermons, and preachers played

to the gallery. Conversionary sermons also provided an intellectual veneer to mask ongoing anti-Jewish aggressions. In response, Jews mounted a campaign of resistance, using any means available. Examining the history and content of sermons to Jews over two and a half centuries, Catholic Spectacle and Rome's Jews argues that conversionary preaching to Jews played a fundamental role in forming early modern Catholic identity.

**The Indonesia Reader** Mar 25 2020 Indonesia is the world's largest archipelago, encompassing nearly eighteen thousand islands. The fourth-most populous nation in the world, it has a larger Muslim population than any other. The Indonesia Reader is a unique introduction to this extraordinary country. Assembled for the traveler, student, and expert alike, the Reader includes more than 150 selections: journalists' articles, explorers' chronicles, photographs, poetry, stories, cartoons, drawings, letters, speeches, and more. Many pieces are by Indonesians; some are translated into English for the first time. All have introductions by the volume's editors. Well-known figures such as Indonesia's acclaimed novelist Pramoedya Ananta Toer and the American anthropologist Clifford Geertz are featured alongside other artists and scholars, as well as politicians, revolutionaries, colonists, scientists, and activists. Organized chronologically, the volume addresses early Indonesian civilizations; contact with traders from India, China, and the Arab Middle East; and the European colonization of Indonesia, which culminated in centuries of Dutch rule. Selections offer insight into Japan's occupation (1942-45), the establishment of an independent Indonesia, and the post-independence era, from Sukarno's presidency (1945-67), through Suharto's dictatorial regime (1967-98), to the present Reformasi period. Themes of resistance and activism recur: in a book excerpt decrying the exploitation of Java's natural wealth by the Dutch; in the writing of Raden Ajeng Kartini (1879-1904), a Javanese princess considered the icon of Indonesian feminism; in a 1978 statement from East Timor objecting to annexation by Indonesia; and in an essay by the founder of Indonesia's first gay activist group. From fifth-century Sanskrit inscriptions in stone to selections related to the 2002 Bali bombings and the 2004 tsunami, The Indonesia Reader conveys the long history and the cultural, ethnic, and ecological diversity of this far-flung archipelago nation.
