**Updating the Constitution** Jul 24 2020 Updating the Constitution: Applying 250 Years of Experience with One of the World's Most Important Documents By: Carl D. Velez The Constitution, written in 1787, was brilliant and a major step toward The Rule of Law, and Government by ordinary people, but technical and social developments have caused the USA Government to evolve into a system the Constitution was intended to prevent. This book reviews objectives of The Founding Fathers, explains what went wrong, discusses inevitable consequences of ignoring needed changes, and outlines how 21st century technology can correct problems that obstruct the Constitution's function.

**Amazing St. Louis: 250 Years of Great Tales and Curiosities** Dec 17 2019 Did you know the first mobile phone was used in St. Louis? Or that a St. Louis businessman changed the course of war in the Pacific during World War II? Or that a St. Louisan ended the Cold War? After talking about St. Louis and its people every weekday for the past 25 years, Charlie Brennan has gathered the greatest and most incredible St. Louis stories in celebration of the city's 250th birthday. Brennan divulges how St. Louisans gave the world rock and roll, the cocktail party, the city of Chicago, the musical Cats, and more! That's Amazing St. Louis even explains how St. Louis is home to the first city in America. Brennan also shares some of the world's strangest oddities and curiosities that just happened to take place in the Gateway to the West. Packed with hundreds of almost unknown facts about the people and events of St. Louis, this book is ideal for lovers of this great American city and its rich history.

*St. Louis and Empire* Jan 18 2020 At first glance, St. Louis, Missouri, seems to have little to do with foreign relations. However, St. Louis, despite its status as an inland river city frequently relegated to the backwaters of national significance, has stood at the crossroads of international matters for much of its history. In this study, Henry W. Berger analyses St. Louis's imperial engagement from its founding in 1764 to the present day.

*The Presidents* Dec 21 2022 Politics Home: Parliamentarians' Top Books for Christmas 2021 'A must read for political geeks' - Saqib Bhatti There was a huge upsurge of global interest in US politics during the Trump presidency, culminating in the November 2020 election, the victory of the Democrat candidate Joe Biden and the subsequent, horrifying response in the storming of the US capitol. American politics is likely to remain deeply divided during the coming years, and also the focus of global attention - with Trump mobilising his base for 2024. But the transatlantic fascination with the role and office of the US President isn't new at all, and in fact reaches all the way back to the birth of the United States itself. The Presidents features essays, written by a range of academics, historians, political journalists and serving politicians, on all 46 American Presidents who have held the office over the last 230 years - from George Washington to Joe Biden. Each contributor has been carefully chosen based on expert knowledge of their subjects and personal connections, providing analysis of their subject's successes, failures and influence. Any hagiographical writing is shunned in favour of a 'warts and all' perspective on each President and the impact they've had on US politics - past, present and future.

**Celebrating Thomas Chippendale, 250 Years of Influence** Jun 22 2020 A book that celebrates Thomas Chippendale's, The Gentleman and Cabinet-Maker's Director published in 1754. The Director would become the most significant publication of its time, influencing furniture design and style up to this day. Thomas Chippendale stands as a testament of his craftsmanship and design genius. The legacy and brand he left demonstrates without question his outstanding skills in marketing; a talent. that has left an indelible mark of influence on the world for some 250 years.

*The Immortal* Sep 06 2021 In 1927, General Yang Sen invited Li Qingyun to Wanxian, China, to teach about health and longevity. Li Qingyun was reported to be 250 years old at the time, and his visit to Wanxian was big news. In 1970, Yang Sen compiled a book of his and other's accounts of Li Qingyun, titled "An Authentic and True Record of a 250-Year-Old Man,

" which Stuart Alve Olson started translating into English in 1982. Besides the notion of someone living to 250 years of age, this book goes well beyond the biography of Li Qingyun's life. It has great historical value, especially for Westerners who are unfamiliar with much of Chinese history towards the end of the Qing dynasty. It also explains incredible health therapies and provides information on what is now called Medical Qigong. Much is explained about Daoism on meditation, breathing, qigong exercise, food, sex, and philosophy for Daoist living. Another true gem of this book is the philosophical teachings, as much of this material has never been presented in English. The depth of information provided in this book surpasses any previously published work on Daoist health practices and philosophy. It is rare to come across a text with such abundance of insights and written with such clarity as this material provides. Although "Qigong Teachings of a Taoist Immortal: The Eight Essential Exercises of Master Li Ching-yun" was published in 2002, which includes translations from Yang Sen's book, the entire translation is now finally available. This book belongs in everyone's library who studies or has an interest in Chinese philosophy, qigong regimes, and biographies. A companion DVD-"Li Qingyun's Eight Brocades"-is now available."

**250 Years of Swan Family History** May 02 2021

**Dandy Style** Feb 11 2022 Celebrating 250 years of male self-expression, investigating the portraiture and wardrobe of the fashionable British man The style of the dandy is elegant but bold--dedicated to the perfection of taste. This meticulously choreographed look has a vibrant history; the legacy of Beau Brummell, the original dandy of Regency England, can be traced in the clothing of urban dandies today. Dandy Style celebrates 250 years of male self-expression, investigating the portraiture and wardrobe of the fashionable British man. Combining fashion, art, and photography, the historic and the contemporary, the provocative and the respectable, it considers key themes in the development of male style and identity, including elegance, uniformity, and spectacle. Various types of dandy are represented by iconic figures such as Oscar Wilde, Edward VIII as Prince of Wales, and Gilbert & George. They appear alongside the seminal designs of Vivienne Westwood, Ozwald Boateng, and Alexander McQueen; and portraits by Thomas Gainsborough and David Hockney.

**Concord 250** Sep 25 2020 Photographs from Concord's history, collected from the Concord Historical Society, the New Hampshire Historical Society, the Concord Public Library, Concord 250, and families, and compiled by the Concord Monitor.

**The Commerce in Rubber** Oct 15 2019 In itself, rubber is a dramatic subject; and the history of rubber and the trade in it, embracing as it does five continents over a period of 250 years, is of compelling interest. This book is a history of the rubber trade going back to the beginnings, and to original sources. It starts with the discovery of rubber in Brazil and describes some of the early industrial uses made of it in France, Britain and the USA. The story then moves across the world to India, Burma, Ceylon, Singapore, Malaya and the Dutch East Indies, where plantation cultivation gradually took hold from the 1870s, to portray in detail the commercial aspects of the market, with its booms and slumps, during the first part of this century. Finally, the years following World War II are recorded, when natural rubber struggled for commercial existence against the challenge of synthetic, a struggle which centred on the two giant producers, Malaysia and Indonesia, and on Singapore, the world centre of the rubber trade. Thus chapter by chapter, the author traces the history of rubber and the trade in it from its first emergence in Brazil in 1735 to the present day. The book, however, is not only a chronicle of events. It provides a source of information much of it newly researched from contemporary resources. The 68 illustrations range from photographic records of historical events to cartoons and caricatures and have been chosen to reflect and complement the contents of the book.

*Ukiyo-e* Dec 09 2021 A collection of nearly four hundred Japanese woodcuts from the seventeenth through nineteenth centuries is accompanied by technical and biographical data on the artist.

**Nelson's Victory** Jul 04 2021 May 2015 sees the 250th anniversary of the launch of HMS Victory, the ship that is so closely associated with

Nelson and his great victory at Trafalgar and which, still extant, has today become the embodiment of the great Age of Sail. Many books have been written about Victory but none like this, which tells the full story of the ship since she first took to the waters in May 1765. It contains many surprises that she was almost wrecked on her launch; that diplomacy conducted onboard her played a crucial role in provoking Napoleon's invasion of Russia in 1812; and that in 1914 Kaiser Wilhelm set the First World War in motion at a desk made from her timbers. The book also tells the story of Horatio Nelson, who was born a few weeks before his most famous ship was ordered, and whose career paralleled hers in many ways. It does not ignore the battle of Trafalgar, and indeed it offers new insights into the campaign which led up to it. But it says much more about the other lives of the ship, which at different times was a flagship, a fighting ship, a prison hospital ship, a training ship for officers and boys, a floating courtroom, a signal school in the early days of radio, tourist attraction and national icon. It looks at her through many eyes, including Queen Victoria, admirals, midshipmen and ordinary seamen, and Beatrix Potter who visited as a girl. It is simply a 'must-have' work for historians and enthusiasts, and a compelling new narrative for the general reader.

*A People's Art History of the United States* Apr 13 2022 Most people outside of the art world view art as something that is foreign to their experiences and everyday lives. A People's Art History of the United States places art history squarely in the rough-and-tumble of politics, social struggles, and the fight for justice from the colonial era through the present day. Author and radical artist Nicolas Lampert combines historical sweep with detailed examinations of individual artists and works in a politically charged narrative that spans the conquest of the Americas, the American Revolution, slavery and abolition, western expansion, the suffragette movement and feminism, civil rights movements, environmental movements, LGBT movements, antiglobalization movements, contemporary antiwar movements, and beyond. A People's Art History of the United States introduces us to key works of American radical art alongside dramatic retellings of the histories that inspired them. Stylishly illustrated with over two hundred images, this book is nothing less than an alternative education for anyone interested in the powerful role that art plays in our society.

250 Years of Industrial Consumption and Transformation of Nature: Impacts on Global Ecosystems and Life May 22 2020 Anthropogenic changes in the environment, caused by 250 years of economic growth and utilization of fuel and mineral resources, have considerably impacted the natural environment. The resulting physical and chemical alterations to the Earth's sphere and our adaptive responses in the biosphere are detailed in this reference book. Readers will learn about concepts relevant to Earth's history, the evolution of life, economy, ecology, environmental history, biology, and medicine and how these concepts can be linked to environmental change. The scope of this interdisciplinary work entails to convey the true degree of responsibility for the universal consequences of ecosystem degradation resulting from industrial processing, human consumption and the transformation of natural sites due to industrialization and urbanization. Topics covered in the book include: -ecosystem transformations by natural and anthropogenic forces -the Anthropocene epoch -a short history of industrialization -environmental sites and the impact of socio-economic influences -the current environmental crisis, This textbook is intended for graduate students in economics, civil engineering, architecture, agronomics, forestry, technical and mining sciences, political sciences, business studies and humanities. General readers who wish to understand the basic philosophy behind environmental studies and their relation to human activity can also benefit from this book.

**Black Agents Provocateurs: 250 Years of Black British Writing, History and the Law, 1770-2020** Apr 20 2020 Black Agents Provocateurs: 250 Years of Black British Writing, History and the Law, 1770-2020 is a comprehensive analysis the invaluable contributions that black writers in Britain have made to British society over the last 250 years. This book closely examines the lives, trials and works of: British slaves in the eighteenth century, black authors, historians and medics in the nineteenth century, and black poets, playwrights, novelists and intellectuals in the twentieth and twenty-first centuries. It also highlights their contributions to legal changes, such as the Abolition of Slavery Act (1833), the Criminal Appeal Act (1907) and the Race Relations Act (1965), as well as the adverse effects that laws such as the Criminal Evidence Act (1984), the Asylum and Immigration Acts (1996) and the Coronavirus Act (2020) have had upon black lives in Britain.

**The Women Who Revolutionized Fashion** Nov 20 2022 Celebrated and hidden figures from First Lady Mary Todd Lincoln's seamstress to Elsa Schiaparelli and Chromat revealed through their stories and most compelling works. Diane Von Furstenberg, Vivienne Westwood, Sarah Burton, Kate and Laura Mulleavy, Donna Karan, and Iris van Herpen are among the great women designers to emerge in the last few decades. We now live in an age when no one would dare call them "that little seamstress," as Paul Poiret disdainfully referred to Gabrielle "Coco" Chanel more than a century ago. The Women Who Revolutionized Fashion highlights early innovative and contemporary designers working in a variety of materials and genres. This unique volume profiles widely-known early fashion vanguards such as Jeanne Lanvin, Callot Soeurs, and Madeleine Vionnet, as well as underrepresented women who revolutionized fashion from the mid-1700s to the present. More than one hundred works--including street fashion, ready-to-wear, traditional, and haute couture--celebrate women designers' concepts of dress and beauty. Through the work of more than fifty individual style makers, The Women Who Revolutionized Fashion illuminates issues of representation, creativity, and distinctiveness, as well as the labor challenges surrounding fashion today.

**Frederick, So Proudly We Hail** Dec 29 2020 Dated as a 1995 calendar in celebration of Frederick's 250th Anniversary, this publication includes twelve essays on the history of Frederick, over 300 factoids, and a pictorial history of the town.

Williston, Vermont Feb 28 2021 "Most of the historical articles in this collection were written to mark the 250th anniversary year of Williston's 1763 charter. The articles originally appeared on roughly a monthly basis in the Williston Observer" -- Introduction.

*Hispanic First Names* Jan 30 2021 Contains entries that provide information about first names selected from the Mexican-American culture but meaningful to the Spanish-speaking of North America; arranged alphabetically by Spanish name, with transliterations, gender indicators, English equivalents, descriptions, diminutives, and variants.

**Amarone and Beyond** Nov 27 2020 As the sixth generation of a dynasty that has turned the love for its roots, in the land of Valpolicella, into the driving force behind a business and a brand that have conquered the world, Sandro Boscaini traces here the history of the family business from the first harvest to the present day. A fascinating and lively 250 years-long tale, in which the tides of history intertwine with those of the family. Entrepreneurial choices unfold between respect for tradition and innovation of processes and products, leaving room for personal anecdotes and technical curiosities, first-hand accounts and literary sources. Placing the family's events in the general context--of national or local scope--is of utmost importance to understand from a broader perspective the territory and its culture, the vineyard and the winemaking profession, passion and entrepreneurship, business culture and sustainability. The volume is accompanied by color photographs and illustrations.

Faithful Spirits Oct 27 2020

250 Years in Fauquier County Oct 19 2022 Beginning with the early interactions between Native Americans and European explorers and settlers, this history traces three and a half centuries of change in Fauquier County, Virginia. Commissioned by the Fauquier Historical Society to commemorate the county's 250th anniversary, this engrossing narrative tells the story of the men and women, black and white, who built the region's farms, plantations, schools, and churches. Individual biographies are interwoven with a social, political, and military history of the American Revolution and Civil War, allowing crucial events in the county's history to come alive. This book also explores Fauquier's depressed economy after the Civil War and shows how the area's location and natural beauty drew wealthy outsiders to purchase estates in the early part of the twentieth century. After midcentury, the enormous expansion of the Washington suburbs ignited a heated and ongoing debate over the county's position on growth and development. Related here is the fascinating story of a historically significant county. The volume has more than two hundred illustrations, some displaying the county's stunning beauty, which enhance the book throughout.

**Theater in America** Jul 16 2022 Over the past 200 years, American theater has become an unparalleled expression of American life and

thought. Drawing on her vast experience as a teacher of theatrical history and as Curator of the Theatre Collection of the Museum of the City of New York, Mary C. Henderson explores the ever-changing world of the American stage, from the days of strolling players into the modern era of Broadway hits, public funding, and unionization.

**Loudoun County** Sep 18 2022 This volume of over 200 photographs takes you on an historical journey through Loudoun County's major towns and villages.

**The Irish Voice in America** Oct 07 2021 In this study, Charles Fanning has written the first general account of the origins and development of a literary tradition among American writers of Irish birth or background who have explored the Irish immigrant or ethnic experience in works of fiction. The result is a portrait of the evolving fictional self-consciousness of an immigrant group over a span of 250 years. Fanning traces the roots of Irish-American writing back to the eighteenth century and carries it forward through the traumatic years of the Famine to the present time with an intensely productive period in the twentieth century beginning with James T. Farrell. Later writers treated in depth include Edwin O'Connor, Elizabeth Cullinan, Maureen Howard, and William Kennedy. Along the way he places in the historical record many all but forgotten writers, including the prolific Mary Ann Sadlier. The Irish Voice in America is not only a highly readable contribution to American literary history but also a valuable reference to many writers and their works. For this second edition, Fanning has added a chapter that covers the fiction of the past decade. He argues that contemporary writers continue to draw on Ireland as a source and are important chroniclers of the modern American experience.

**African American Poetry: 250 Years of Struggle & Song (LOA #333)** Feb 23 2023 A literary landmark: the biggest, most ambitious anthology of Black poetry ever published, gathering 250 poets from the colonial period to the present Across a turbulent history, from such vital centers as Harlem, Chicago, Washington, D.C., Los Angeles, and the Bay Area, Black poets created a rich and multifaceted tradition that has been both a reckoning with American realities and an imaginative response to them. Capturing the power and beauty of this diverse tradition in a single indispensable volume, African American Poetry reveals as never before its centrality and its challenge to American poetry and culture. One of the great American art forms, African American poetry encompasses many kinds of verse: formal, experimental, vernacular, lyric, and protest. The anthology opens with moving testaments to the power of poetry as a means of self-assertion, as enslaved people like Phillis Wheatley and George Moses Horton and activist Frances Ellen Watkins Harper voice their passionate resistance to slavery. Young's fresh, revelatory presentation of the Harlem Renaissance reexamines the achievements of Langston Hughes and Countee Cullen alongside works by lesser-known poets such as Gwendolyn B. Bennett and Mae V. Cowdery. The later flowering of the still influential Black Arts Movement is represented here with breadth and originality, including many long out-of-print or hard-to-find poems. Here are all the significant movements and currents: the nineteenth-century Francophone poets known as Les Cénelles, the Chicago Renaissance that flourished around Gwendolyn Brooks, the early 1960s Umbra group, and the more recent work of writers affiliated with Cave Canem and the Dark Room Collective. Here too are poems of singular, hard-to-classify figures: the enslaved potter David Drake, the allusive modernist Melvin B. Tolson, the Cleveland-based experimentalist Russell Atkins. This Library of America volume also features biographies of each poet and notes that illuminate cultural references and allusions to historical events.

**Trouble the Water** Mar 20 2020 The haunting refrain of the anonymous spiritual "Were You Dere?," the classic rhymes of Frances Ellen Watkins Harper's "Bury Me in a Free Land," the jazz beat of Maya Angelou's "Times-Square-Shoeshine-Composition," and the exquisite balance of Etheridge Knight's haikus--the entire rich and varied tradition of African-American poetry appears in this superb anthology, unified throughout by the authenticity of experiences wrung straight from the soul. Trouble the Water, the first collection to cover close to 300 years of poetic achievement in 400 important works by African-American writers, features women as half the contributors and includes nearly 50 poems from the 1980s and 1990s.

**Enterprising Women** Jun 03 2021 An inspiring collection of American women entrepreneurs introduces readers to women who have cared out their own slice of the economic pie, from Colonial times to present.

Enterprising Women Feb 17 2020 An inspiring collection of American women entrepreneurs introduces readers to women who have carved out their own slice of the economic pie, from Colonial times to the present.

(Business & Finance)

The Thrill of Fear Aug 25 2020 Why do we enjoy scaring ourselves? Why do some of the largest industries in the world--books, films, television, toys and games--depend so crucially on ghouls, ghosts and zombies? Walter Kendrick provides an answer with this authoritative history of 250 years of horror as entertainment.

**The Secrets of Vacheron Constantin** Apr 01 2021 Geneva-based Vacheron Constantin has maintained its reputation for producing exceptional timepieces, from its first watch circa 1760 to its extraordinary mechanical watches of today. Highly collectible, these prestigious timepieces are conceived as much to seduce by their elegance as to provide precision timekeeping. An unwavering commitment to excellence is the firm's hallmark, and celebrations for its 250th anniversary include the renovation of its flagship store and opening of a new manufactory in Geneva, the creation of a magnum opus timepiece, and the publication of this book. Illustrated with specially commissioned photographs, the book traces the rich history of the manufacture and includes an informative catalog of timepieces and a guide to the watchmaker's art that has been enriched by a unique artistic and technical expertise compiled over two and a half centuries.

**A People's History of Sports in the United States** Jun 15 2022 A riotously entertaining chronicle of larger-than-life sporting characters and dramatic contests and what amounts to an alternative history of the United States as seen through the games its people played. A rollicking, rebellious, myth-busting history of sports in America that puts politics in the ring with pop culture.

*Maine Quilts* Jan 10 2022 The history of quilting in Maine is a story of community and Maine State Museum curator Laurie LaBar coaxes stories out of objects and uses those stories to enlighten, entertain, and to bring new voices to Maine history.

**Going Once** Jan 22 2023 A celebration of evolving taste, told through the stories behind 250 objects sold by the world's leading auction house Founded in London in 1766, Christie's is one of the most important auction houses in the world. During its history, Christie's has sold masterpieces by artists such as Picasso, Leonardo da Vinci, Rembrandt, and Vincent van Gogh, often at record-breaking prices; and, away from the world of art, the personal possessions of such well-known figures as Napoleon Bonaparte, Marilyn Monroe, Yves Saint Laurent, and Princess Diana. From furniture to works of fine and decorative art, vintage cars to clothing and jewellery, the items sold at its auctions hold a mirror to our history and reflect our culture at large. Going Once vividly brings to life the shifts in aesthetic trends, fashion, and design over the centuries, showcasing 250 of the most outstanding objects in its storied history - including some of the very first pieces sold at the auction house.
