The Cumulative Book Index Sep 14 2022

The Cumulative Book Index Nov 16 2022 A world list of books in the English language.

Metu Neter, volume 7 Feb 19 2023 Ancient Egyptian system for the realization and proof of divinity through the judgment of the will and the mind. The system has been incorrectly called the Negative confesions of sins.

History of Ancient India Jul 12 2022 The object of this volume is to provide within a moderate compass a compendious account of the history, institutions, and culture of ancient India from the dim ages of antiquity to the establishment of Moslem rule. It has not been planned to meet the needs of any particular class of readers. Its primary purpose is to serve alike students, scholars, and all others, interested in the study of ancient Indian history, as a book of ready use and reference. The pages which follow every attempt has been made to avoid presenting a mass of the dry bones of historical fact or over-burdening the account with intricate discussions on knotty problems of history, on the one hand, and giving a mere general and readable survey of India's long and fascinating past, on the other. I have endeavoured to tap and utilise properly the available sources of information, literary, epigraphic, and numismatic, and also to embody and set forth in a consistent manner the results of up-to-date researches on different topics and epochs. All the materials have been patiently sifted and critically examined with the sole desire to arrive at historical truth and scientific accuracy; and the unfortunate tendency, manifest in some modern publications, to extol or decry without warrant any of the manifold aspects of India's panoramic story, has been scrupulously eschewed This book gives an authoritative, up-to-date, and compendious account of the history, institutions and culture of India from the earliest times to the advent of the Moslem period. It is based on all available materials - literary, epigraphic, and numismatic - and is written in a most elegant, sober, and lucid style. The author brings to bear upon his task not only profound scholarship and critical acumen but also scrupulous regard for historical truth, the accuracy of facts and impartiality of judgement. The merit of the book

has been enhanced by an exhaustive Bibliography and a comprehensive Index. Students, scholars and the general reader alike will find the book highly interesting, useful and valuable for study and references.

Christian Register and Boston Observer... Jan 18 2023

Ancient Judaism Jun 11 2022 This book is a major contribution to the sociology of religion and to religious and biblical studies. Beginning from the classic work of Max Weber, the author analyses the origins of Judaism in the light of more recent scholarship. The result is a work that will become a standard point of reference in its field, and will be of great interest to the general reader as well as the specialist.

Eternal Egypt Aug 13 2022 One of the foremost archaeologists and historians of ancient Egypt, Montet brilliantly details the Egyptian civilization by immersing the reader in every aspect of life in the Nile Valley, from earliest times until the conquest by Alexander the Great: the climate, the flora and fauna, the arts and crafts, the attitudes to their gods and the afterlife, Egyptian contributions to literature, science and art, and the symbolic Nile.

Metu Neter: The great oracle of Tehuti and the Egyptian system of spiritual cultivation Oct 15 2022 It explains the Kabala as it was practiced in Ancient Egypt, Canaan, & Dravidian India thousands of years before the advent of Hebraism. For the first time the public will learn how to receive (KBL) the prophetic messages from the intelligences (emanations) represented by the spheres of the Tree of Life, through the 70 card oracle system of the book. In a clear & straightforward manner--without the use of spreads--the oracle reveals which divine intelligence is in charge of the event inquired about, & prescribes the words of power, & force carriers (gemstones, incense & herbs esoterically used) that are specific to the "intelligence" controlling the situation. The book also includes nine chapters on meditation & ritual, detailing step by step the means of inducing mediumistic, & waking trance (Samadhi) to enable the reader to transform the oracular insights into reality. To aid this process, the musical scores of the mantras, based on the ancient Raga scales, are given. Unprecedented insight into the Deities of Egypt is revealed by the unique correspondences made between them & the spheres & principles of the Tree of Life.
