It Ends with Us May 14 2022 In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is “a glorious and touching read, a forever keeper. The kind of book that gets handed down” (USA TODAY).

Keep It Shut Apr 13 2022 Kind, encouraging, and humorous, Karen Ehman helps us learn the essential practice of using our words more effectively--alleviating heartache and regret, reducing relational tension and conflict, lessening our stress levels, and growing our relationship with God. From Bible times to modern times women have struggled with their words. What to say and how to say it. What not to say. When it is best to remain silent. And what to do when you've said something you wish you could now

take back. In this book a woman whose mouth has gotten her into loads of trouble shares the hows (and how-not-tos) of dealing with the tongue. Beyond just a "how not to gossip" book, this book explores what the Bible says about the many ways we are to use our words and the times when we are to remain silent. Karen will cover using our speech to interact with friends, co-workers, family, and strangers as well as in the many places we use our words in private, in public, online, and in prayer. Even the words we say silently to ourselves. She will address unsolicited opinion-slinging, speaking the truth in love, not saying words just to people-please, and dealing with our verbal anger. Christian women struggle with their mouths. Even though we know that Scripture has much to say about how we are--and are not--to use our words, this is still an immense issue, causing heartache and strain not only in family relationships, but also in friendships, work, and church settings. This timely resource addresses controversial issues that arise within the herbal community, such as the endangered plant crisis, professionalism and licensure, and shifting the American consciousness toward a more Earth-centered way of life and health. In *Herbal Voices*, you'll hear from many well-known herbal practitioners, including: Rosemary Gladstar—founder of The California School of Herbal Studies and United Plant Savers, co-founder of Sage Mountain Herbs, and author of *Herbal Healing for Women* and of the *Sage Healing Way* series James Green—former Director of The California School of Herbal Studies, a member of the

Make Your Bed Aug 05 2021 Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (Wall Street Journal). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day. Taking inspiration from the university's slogan, "What starts here changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not

only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. *When We Write We Keep Saying Hello Jul 16 2022 A collection of 58 poems, Nicholas Campbell is a practitioner of the short poem. Poet J-son Wooi-chin, author of the book, "Homing Pigeon," Singapore Unipress, 2001, has this to say about Nicholas Campbell's poems: "I've always liked the contemplative quality of his work, as though there is a freedom and importance in doing nothing. His voice is like the shadows of a ceiling fan striking across the dinner room, all at once important and unimportant." The late Benjamin Saltman, author of *Deck*, Ithaca House, 1979; *The Leaves The People*, Red Hill Press, 1974, and *The Book Of Moss*," Garden Street Press, 1992, wrote of his poems,*

"Poems that make a reader feel as if one has opened a book into summer, poems that linger after they close and that one wears like talismans, like amulets that protect you against despair and urge you to go on. These poems continue a tradition of lyric intensity, of short poems which enter immediately into meaning and have the sort of mysterious clarity we find in work by William Stafford, Robert Francis and Bert Meyers."

Keep Saying Their Names Sep 06 2021 An extraordinary work of fiction, inspired by historical events--an exquisitely crafted double portrait of a Nazi war criminal and a family savaged by World War II, conjoined by an actual house of horrors they both

called home On a street in modern-day Norway, a writer kneels with his son and tells him that according to Jewish tradition, a person dies twice: first when their heart stops beating, and then again the last time their name is read or thought or said. Before them is a stone engraved with the name Hirsch Komissar, the boy's great-great-grandfather who was murdered by Nazis. The man who sent Komissar to his death was one of Norway's vilest traitors, Henry Oliver Rinnan, a Nazi double agent who set up headquarters in an unspectacular suburban house and transformed the cellar into a torture chamber for resisters, a place to be avoided and feared. That is until Komissar's own son, Gerson, and his young wife, Ellen, take up residence in the house after the war. While their daughters spend a happy childhood playing in the same rooms where some of the most heinous acts of the occupation occurred, the weight of history threatens to pull the couple apart. In *Keep Saying Their Names*, Simon Stranger uses this unusual twist of fate to probe five generations of intimate and global history, seamlessly melding fact and fiction, creating a brilliant lexicon of light and dark. The resulting novel reveals how evil is born in some and courage in others--and seeks to keep alive the names of those lost.
