"Dive under the waves and discover everything you ever wanted to know about fascinating and fearsome sharks, as well as other creatures of the deep!" (publisher). Ten true stories of real-life survivors of attacks by some of the animal kingdom's scariest predators! Surveys animals who hunt on land and in the sea, including big cats, bears, crocodiles, snakes, and sharks. Now more than ever, the world is recognizing how strong women and girls are. How strong? In the early 1920s, Aboriginal Alaskan expeditioner Ada Blackjack survived for two years as a castaway on an uninhabited island in the Arctic Ocean before she was finally rescued. And she's just one example. The Girl Who Rode a Shark: And Other Stories of Daring Women is a rousing collection of biographies focused on women and girls who have written, explored, or otherwise plunged headfirst into the pages of history. Undaunted by expectations, they made their mark by persevering in pursuit of their passions. The tales come from a huge variety of times and places, from a Canadian astronaut to an Indian secret agent and to a Balkan pirate queen who stood up to Ancient Rome. Author and activist Ailsa Ross gives readers a fun, informative piece of nonfiction that emphasizes the boundless potential of a new generation of women. Stunning portraits by artist Amy Blackwell accompany every biography in bold, vibrant colours. Introduces, in brief text and illustrations, the characteristics of unusual and, often predatory, fish and other creatures that live in or

near the ocean. Shares true stories of cave divers, extreme photographers, and researchers as they brave undersea adventures with sharks. Features more than 80 of the world's scariest, ugliest sharks, leeches, alligators, squid, and other underwater creatures. Includes full-color photographs of every monster, together with annotated illustrations, amazing facts, maps. Covers both famous underwater creatures like the Giant Octopus and Portugese Man-o-War and lesser-known examples such as the Narwhal, Elephant Seal and Angel Shark. ♥ Get How to Draw Sharks and Other Sea Giants and your little loved one will immediately step into the magical and joyful realm of drawing, discovering how to draw amazing sharks, beautiful whales, cute dolphins or other sea friends! ♥ How to Draw Sharks and Other Sea Giants presents a wide variety of shark, whale or dolphin designs and detailed explanations of how to draw each specific image by using the grid method. The grid method represents one of the best and easiest solutions for your kid to learn how to draw, splitting the entire image into smaller squares so as to focus your attention on one single square at a time. Breaking the image down into smaller, manageable squares makes it so much easier to get a better likeness of the original rather than tackling a big old blank piece of paper. [?] Used also by artists, this method of drawing brings to your kid both good results and confidence about drawing. The entire process combines educational element with a lot of fun, seeming to be an exciting puzzle. [?] Unleash your kid's attention and creativity with this captivating, amazing and educational "How to draw sharks and other sea giants" book! ♥ "How to Draw Sharks and Other Sea Giants" features: -Precise drawings in terms of shape and details; -An easy step-by-step instructional guide about grid method; -30 illustrations with sharks, whales, dolphins or other maritime friends positioned on grid pages; -Suitable for a wide variety of drawing choices: crayons, fine liners, coloring pencils; -Professional quality designs; -Stylish glossy cover; -8,5 x 11 inches; -74 pages. Discusses poisonous animals, creatures that are believed or known to eat humans, and the tiny life forms that cause dangerous diseases, and provides answers to questions in each subject area This volume examines the types and behaviors of blunt nosed, sixgill sharks. A super shark and other creatures of the deep fact book packed with fun quizzes, 500+ stickers and a card game! Do sharks make good parents? How can they see and hear through water? How do some fishes cope with total darkness? What is the more dangerous animal -- shark or human? With each turn of the page you'll find spectacular photography, stimulating text, and special features that offer many other pathways that go deep into the mysterious world of Sharks and Other Sea Creatures. Book jacket. Sharks and dolphins both have torpedo-shaped bodies with fins on their backs. They slice through the water to grab their prey with sharp teeth. But despite their similarities, sharks and dolphins belong to different animal classes: one is a fish and gets oxygen from the water and the other is a mammal and gets oxygen from the air. Marine educator Kevin Kurtz guides early readers to compare and contrast these ocean

predators through stunning photographs and simple, nonfiction text. Book Features: • 32 Pages, 7 Inches x 9 Inches • Ages 8-13, Grades 3-8 Leveled Readers, Lexile 520L • Simple, easy-to-read pages with vibrant images • Features exciting facts about fish to engage early readers • Includes glossary words, after-reading questions, an extension activity, and a memory game

The Magic Of Reading: Introduce your child to the magic of reading and animals with Dangerous...Or Not? Sharks and Other Fish. This 32-page book has vibrant photographs and captivating information on different types of sea creatures. Fun Animal Facts: Are these animals dangerous or do they have a bad reputation? Learn more about different species of fish in this animal book, including their habitats, signs that they may pose a threat, and their role within the animal kingdom. Features: More than just a book about sea creatures and animal safety, this kid's book includes a glossary of vocabulary words, a memory game for mid-text interaction, an extension activity, plus after-reading questions for comprehension skills.

Leveled Books: Vibrant photographs and leveled text work together to engage readers and promote reading comprehension skills. This leveled book engages 3rd—8th graders through vocabulary and high-interest topics like sharks and other underwater life. Why Rourke Educational Media: Since 1980, Rourke Publishing Company has specialized in publishing engaging and diverse non-fiction and fiction books for children in a wide range of subjects that support reading success on a level that has no limits. An illustration-heavy exploration of the types and characteristics of sharks. Introduces, in brief text and illustrations, the characteristics of unusual and, often predatory, fish and other creatures that live in or near the ocean. Learn all about sharks including how they hunt for prey, what their teeth look like, and their special senses. Some pictures can be viewed with 3-D glasses. Learn about sharks and other predators with this illustrated book.
