Vols. for 1887-92 include proceedings of 1-6th annual convention of the International Association of Factory Inspectors of North America. Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries. Beginning in 1985, one section is devoted to a special topic The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government. On his return from Vietnam, John Clarkson goes badly astray in his life for a while. But all that changes when he's on a job in South America and receives a nearly lethal bite from a spider. That's when he meets a Chilean mystic who not only saves his life; he helps John develop unsuspected abilities that transform him from a going-to-seed, middle-aged guy, to a magnetic, powerful figure, whose life becomes a thrilling action-adventure. On his return from Chile, John finds himself flying high-tech planes, romancing beautiful women, travelling the world, and building a financial portfolio that brings him untold riches. But nothing comes without a price, and John's fortune soon attracts the interest of a range of dirty-dealers, who would like nothing better than to get their hands on his money and see him dead. Fast-paced, humorous, and jam-packed with surprising adventures, *Venom Flight* explores what happens when a man discovers astonishing talents in himself and makes the very most of them. Winner of the IPPY North-East Best Regional Nonfiction Bronze Medal. Tiggie: The Lure and Lore of Commercial Fishing in New England begins more than 30 years ago in a remote cove on Cape Cods Pleasant Bay. Macfarlane, a young marine biologist newly deputized by the Orleans shellfish warden, gathers up her courage to confront one of the Capes crustiest, crankiest commercial fishermen, a local legend named Tiggie Peluso. Its more than a contest between youth and age, or rules and reason, or book knowledge and hard-earned practical experience. Its a clash of two strong wills and two warring cultures a bucolic, rustic Cape Cod that is in the process of changing beyond recognition, and an industry that is losing its past under a tsunami of foreign competition, legalisms and new technology. In Tiggie we hear both their voices. Tiggies personal stories about fishing in the 40s, 50s and 60s are at once poignant, matter-of-fact and haunting in his appreciation of the beauty around him, and reverence for all life, especially in the sea. We meet his crew mates and friends, learn about their idiosyncrasies and their humanness, their struggles to make ends meet, their financial binges in good times. We come to understand their disdain for those who try to regulate what they do, their less-than-perfect relationships with women and, above all, their love of the life they have chosen. Sandy Macfarlane is the author of *Rowing Forward, Looking Back*, a chronicle of life in a small coastal community bombarded by development pressures. She and Tiggie, now both retired, met regularly at the local coffee shop over several years. Their breakfast conversations and Tiggies stories interweave past and present and the threads of their very different lives. Tiggie is more than a memoir or a how-to book, but it combines the virtues of each. With detailed insights into the catching of fish and moving reflections on the beauty of the rituals, the surroundings, the characters, it captures the moments and the moods of a vanishing way of life. Set on the idyllic island of Newtown, Sean and his girlfriend Michelle are about to embark upon their brilliant future when tragedy strikes their close-knit community. Their split-second decision affects the island and state in profound ways they could never have imagined. Vols. 24, no. 3-v. 34, no. 3 include: International industrial digest. More information to be announced soon on this forthcoming title from Penguin USA A memoir of the Second World War from the perspective of a West Point graduate documents more than two and a half years of combat in Casablanca, Tunisia, Sicily, and Normandy, and the final days of the Third Reich. The first comprehensive study of the use of compound words in Old English poetry, homilies, and philosophy, *Joinings* explores the effect of compounds on style, pace, clarity, and genre in Anglo-Saxon vernacular literature. Jonathan Davis-Secord demonstrates how compounds affect the pacing of passages in *Beowulf*, creating slow-motion narrative at moments of significant violence; how their structural complexity gives rhetorical emphasis to phrases in the homilies of Wulfstan; and how they help to mix quotidian and elevated diction in Cynewulf's *Juliana* and the Old English translations of Boethius. His work demonstrates that compound words were the epitome of Anglo-Saxon vernacular verbal art, combining grammar, style, and culture in a manner unlike any other feature of Old English. TONIGHT, SHE PLANS TO LET GO. Dressed up and anonymous, Sadie Liberato feels powerful, sexy and free. Where better to lose herself than a masked party? Gear Blackstone's cheating ex and scheming best friend have managed to spin his life into a serious downward spiral. At least with a mask on he can cut loose for one night. And cut loose he does—with the sexiest, snarkiest chick he's ever met. After a scorching-hot encounter, Sadie and Gear are desperate to find each other in real life. But can the heat last when the masks come off? What People Are Saying: "Anyone who loves a good romance will love this book!"—Night Owl Romance 5/5 Stars, Top Pick! for A Sure Thing "Test Drive is high octane chemistry that keeps the pages turning and your engine revving!"—GINA L. MAXWELL New York Times & USA Today bestselling author "Harte's take on the redeemed bad boy is fresh and sexy."—Kirkus for Test Drive
