From the bestselling author of *Love Is the Killer App* You can win life's popularity contests The choices other people make about you determine your health, wealth, and happiness. And decades of research prove that people choose who they like. They vote for them, buy from them, marry them, and spend precious time with them. The good news is that you can arm yourself for the contest and win life's battles for preference. How? By raising your likeability factor. The more you are liked, the happier your life will be. In *The Likeability Factor*, business guru Tim Sanders shows how to build your likeability factor by teaching you how to enhance four critical elements of your personality:

- Friendliness: your ability to communicate liking and openness to others
- Relevance: your capacity to connect with others' interests, wants, and needs
- Empathy: your ability to recognize, acknowledge, and experience other people's feelings
- Realness: the integrity that stands behind your likeability and guarantees its authenticity

When you improve these areas and boost your likeability

factor, you bring out the best in others, handle life's challenges with grace, enjoy better health, and excel in your daily roles. You can win the close calls and tight competitions that define and determine success and happiness at work and in life—The Likeability Factor can show you how! Summary of *The Miracle Morning* Hal Elrod's book, *The Miracle Morning*, takes widely accepted self-help practices that have been developed over centuries of human consciousness studies and condenses the 'best of the best' into a daily six-step ritual. The book uses the concept of habit stacking, the method of selecting a few desirable habits, creating a sequence out of them, and making the sequence itself a new habit. People who use habit stacking benefit because they can adopt multiple good habits at once. They can automate their behavior to do an entire sequence instead of just focusing on trying to implement numerous new habits one at a time. This method takes less motivation and builds momentum quickly for comprehensive behavior change. The *Miracle Morning's* recommended daily routine is a clear example of a classic habit stack. It consists of 6 habits: Silence, Affirmations, Visualization, Exercise, Reading, and Scribing (S.A.V.E.R.S.). To help readers memorize this sequence, Elrod creates a simple acronym, Life S.A.V.E.R.S. This acronym is also a metaphor for the projected impact of the routine on the reader. Elrod contends that if the reader contentiously follows the steps, he or she will be able to discern their innermost desires and achieve the high quality of life they deserve. The routine is intended to save readers from a life of mediocrity and underachievement. This book is one of the most highly rated books on Amazon; it has over two thousand five hundred five-star reviews and it was endorsed by world-renowned influencers and luminaries including Robert Kiyosaki, James Altucher, Pat Flynn, Brian Johnson, Gail Lynne Goodwin, and others. The significance of this book is rooted in the author's capacity to select universally accepted practices for personal development and combine them into a seamless routine that challenges the reader to explore his or her inner values and create a plan to achieve his or her dreams. The book spurred on an international movement and has been translated into 27 languages. The writer claims that the book can help people create the life they have always wanted by building on the simple premise that the way a person starts their day influences the quality of their overall life. Books can guide what we do and our lives. Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source you can just get the point. This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book. In the wise and soulful tradition of teachers like Shauna Niequist and Brene Brown, therapist Aundi Kolber debuts with *Try Softer*, helping us align our mind, body, and soul to live the life God created for us. In a world that preaches a "try harder" gospel—just keep going, keep hustling, keep pretending we're all fine—we're left exhausted, overwhelmed, and so numb to our lives. If we're honest, we've been overfunctioning for so long, we can't even imagine another way. How else will things get done? How else will we survive? It doesn't have to be this way. Aundi Kolber believes that we don't have to white-knuckle our way through life. In her debut book, *Try Softer*, she'll show us how God specifically designed our bodies and minds to work together to process our stories and work through obstacles. Through the latest psychology, practical clinical exercises, and her own personal story, Aundi equips and empowers us to connect us to our truest self and truly live. This is the "try softer" life. In *Try Softer*, you'll learn how to: Know and set emotional and relational boundaries Make sense of the difficult experiences you've had Identify your attachment style—and how that affects your relationships today Move through emotions rather than get stuck by them Grow in self-compassion and talk back to your inner critic Trying softer is sacred work. And while it won't be perfect or easy, it will be worth it.

Most salespeople use these techniques daily, yet the majority still fail to achieve the results they want. So, what is the difference between -average- performers and the top 1% in your company or industry? Which strategies, mindsets, rituals, practices and systems do the top 1% maintain daily that got them to the top and continues to keep them there? The more you study the world's top salespeople, in any industry, the more you realize that their success is a result of who they are more than merely what they do. Thus, logic would have it that if you want to take your SALES to the next level, you must first figure out how to take your SELF to the next level (because it only happens in that order). That's exactly what this book will help you do, and faster than you ever realized is possible. From the millionaire entrepreneur and New York Times bestselling author of The 10X Rule comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five

successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to: · Set crazy goals--and reach them, every single day. · Feed the beast: when you value money and spend it on the right things, you get more of it. · Shut down the doubters--and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.
