Unrigged: How Americans Are Battling Back to Save Democracy Dec 13 2021 A revelatory account by the best-selling author of *Ratf**ked* that will give you hope that America's fragile democracy can still be saved. Following *Ratf**ked*, his "extraordinary timely and undeniably important" (New York Times Book Review) exposé of how a small cadre of Republican operatives rigged American elections, David Daley emerged as one of the nation's leading authorities on gerrymandering. In *Unrigged*, he charts a vibrant political movement that is rising in the wake of his and other reporters' revelations. With his trademark journalistic rigor and narrative flair, Daley reports on Pennsylvania's dramatic defeat of a gerrymander using the research of ingenious mathematicians and the Michigan millennial who launched a statewide redistricting revolution with a Facebook post. He tells the stories of activist groups that paved the way for 2018's historic blue wave and won crucial battles for voting rights in Florida, Maine, Utah, and nationwide. In an age of polarization, *Unrigged* offers a vivid portrait of a nation transformed by a new civic awakening, and provides a blueprint for what must be done to keep American democracy afloat. *Love Inspired Suspense* *May 2014 - Bundle 2 of 2* May 06 2021 *Love Inspired Suspense* brings you four new titles for one great price, available now! Apocalypse Never Sep 10 2021 *Apocalypse Never* illuminates why we must abolish nuclear weapons, how we can, and what the world will look like after we do. The twenty-first century has ushered in a world at the atomic edge. The pop culture days of Dr. Strangelove have been replaced by the all-too-real single day of 24. Tad Daley has written a book for the general reader about this most crucial of contemporary challenges. *Apocalypse Never* maintains that the abolition of nuclear weapons is both essential and achievable, and reveals in fine

detail what we need to do--both governments and movements--to make it a reality. Daley insists that while global climate change poses the single greatest long-term peril to the human race, the nuclear challenge in its many incarnations--nuclear terror, nuclear accident, a nuclear crisis spinning out of control--poses the single most immediate peril. Daley launches a wholesale assault on the nuclear double standard--the notion that the United States permits itself thousands of these weapons but forbids others from aspiring to even one--insisting that it is militarily unnecessary, morally indefensible, and politically unsustainable. He conclusively repudiates the most frequent objection to nuclear disarmament, "the breakout scenario"--the possibility that after abolition someone might whip back the curtain, reveal a dozen nuclear warheads, and proceed to "rule the world." On the wings of a brand new era in American history, *Apocalypse Never* makes the case that a comprehensive nuclear policy agenda from President Obama, one that fully integrates nonproliferation with disarmament, can both eliminate immediate nuclear dangers and set us irreversibly on the road to abolition. In jargon-free language, Daley explores the possible verification measures, enforcement mechanisms, and governance structures of a nuclear weapon-free world. Most importantly, he decisively argues that universal nuclear disarmament is something we can transform from a utopian fantasy into a concrete political goal.

[A Feast for Joseph](#) Oct 11 2021 Joseph misses sharing meals with lots of people like he did back in the refugee camp, so when the neighbors finally come over, it's a feast! A companion book to Joseph's *Big Ride*, described in *Kirkus* as "a joyful, upbeat tale." When Joseph and Mama lived in a refugee camp in East Africa, everyone cooked and ate together. And Joseph could always hear someone playing the awal. It's much too quiet and lonely in his new home. Though Whoosh, the girl who lives upstairs, is friendly, Joseph misses having more people around, especially his grandmother, who still lives across the ocean. So he invites his relatives in the city to come for dinner, then he invites his teacher, then Whoosh and her mami -- but everyone is too busy. Ever hopeful, Joseph picks the last greens from the garden. At least he and Mama will be ready to cook if someone comes. The next night Whoosh and her mami appear at the door with a big cake, and Whoosh and Joseph cook up a feast. A touching story about adjusting to a new home and the pleasure of cooking and sharing food with friends. **Key Text Features** glossary translations Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.K.4 Ask and answer questions about unknown words in a text. Images of American Life Apr 17 2022 This book analyzes the effect of political and economic forces on the ideas and values disseminated to the general public by schools, movies, radio, and television. The author shows how similar and conflicting political and economic pressures influence education, movies, and broadcasting. The book provides an understanding of how ideas are shaped in American society by the interplay between government power, private enterprise, and organized advocacy groups. The story is complex with many different and conflicting strands. In a broad sense, it is the story of the public education of the American people. The book does not attempt to measure the actual effect of various media, but it does show what was intended for the education of the public mind by forces that shaped and continue to shape the content of schools, movies, and broadcasting.

Divine Inspiration in Byzantium Oct 31 2020 In this volume, Karin Krause examines conceptions of divine inspiration and authenticity in the religious literature and visual arts of Byzantium. During antiquity and the medieval era, "inspiration" encompassed a range of ideas regarding the divine contribution to the creation of holy texts, icons, and other material objects by human beings. Krause traces the origins of the notion of divine inspiration in the Jewish and polytheistic cultures of the ancient Mediterranean and Near Eastern worlds and their reception in Byzantine religious culture. Exploring how conceptions of authenticity are employed in Eastern Orthodox Christianity to claim religious authority, she analyzes texts in a range of genres, as well as images in different media, including manuscript illumination, icons, and mosaics. Her interdisciplinary study demonstrates the pivotal role that claims to the divine inspiration of religious literature and art played in the construction of Byzantine cultural identity.

The Book of Mychal Jan 02 2021 The inspiring story of New York Fire Department Chaplain Father Mychal Judge His death certificate bears the number one. As chaplain to the Fire Department of New York, Father Mychal Judge was officially the first to go. A loving priest with a gift for the gab-gregarious yet humble, a healer with the ability to wipe away a widow's tears and put a smile on a fireman's face. And on September 11th Father Mike rushed to the fires at the World Trade Center as quickly as those who fought them, losing his own life while tirelessly ministering

to New York's bravest. Father Mike recounts the colorful, astonishing and at times troubled life of a priest who saw the potential for good in everybody-in the homeless person he slipped a dollar to on the street; the alcoholic he sought to coax to an AA meeting; the early victims of AIDS he embraced and comforted; the troubled young men he visited in jail; and the thousands of firefighters he blessed as they rushed to their rigs answering the call. Here was a priest who rejoiced in the life around him and understood that even the most terrible times present us with wonders-that good always arises from the bad in the most unexpected ways. Or as Father Mike would say, "My God is a God of surprises." In this touching book, author Michael Daly retraces the footsteps of Father Mike as his vocation takes us inside the firehouse, inside his friary and his Church, and inside the chaos that often befalls New York. This is the tale of a larger than life priest who, in death, became a symbol of how much we truly lost that Tuesday in September. Father Mike is the inspirational story of a hero priest who blessed so many lives and will long be remembered by it.

Things I Carry Around Jan 22 2020 A born storyteller, Troy Cassar-Daley has at last turned his talent to sharing his own inspiring life. `Troy's achievements are many, and perhaps the finest may be his ability to make us listen to his heart.? Joy McKean For the first time, Troy talks about his early life - how his parent's divorce changed things for him, about missing his Dad and growing up in Grafton surrounded by the warmth and love of his mother, Irene, his Nan and Pop and his extended Indigenous family. A larrikin at heart, Troy includes all the highs and lows on his path to stardom: the thrill of performing on stage at the Tamworth Music Festival with Jimmy Little when he was just 15; the excitement of heading off on tour with Brian Young and then discovering just how lonely life on the road could be; his first record deal; playing with the greats ? Johnny Cash, Willie Nelson, Merle Haggard and Slim Dusty; his first album Beyond the Dancing, which blended his indigenous heritage with his rural background; meeting the woman who would steal his heart; recording in Nashville; and, finally, releasing True Believer, the album that really launched his career. The multiple Golden Guitar, APRA, ARIA and Deadlys winner also lets us in on some of the life lessons he learned the hard way, lessons that kept this prodigiously talented Aussie on the straight and narrow (most of the time). Things I Carry Around, is the warm, genuine, and inspiring story of a young indigenous Australian who had a dream and turned that dream into reality.

`Troy's a true gentleman, warm and genuine, always a pleasure to be around. He sings straight from his heart and straight from the heart of his country.? Paul Kelly

Gardens of the Hudson Valley Dec 21 2019 The majesty of the Hudson River has captivated both artists and visitors for generations, and the gardens along its banks have a special character. Those created for the Gilded Age estates are more formal; private gardens respond directly to the rolling landscape and mature forests. The area is a crucible for the development of American landscape design since the major figures—Alexander Jackson Downing, Frederick Law Olmsted, Beatrix Farrand, and Fletcher Steele—all worked in the Hudson Valley. Gardens of the Hudson Valley focuses on the historic landscape and how gardens have been integrated into it.

Photographers Steve Gross and Susan Daly have selected twenty-five gardens between Yonkers and Hudson, including famous estate gardens like Kykuit, Boscobel, the Vanderbilt Mansion, and Olana (all open to the public) and private gardens that combine sweeping views and lush plantings. Garden writers Susan Lowry and Nancy Berner describe each of the gardens in detail, focusing on the history of the site and the strategies for design and plant materials.

Living Soul Mar 24 2020 GLAM

The Terrible Oct 19 2019 Winner of the PEN Ackerley Prize • Longlisted for the 2019 PEN Open Book Award "Devastating and lyrical." —The New York Times "Suspenseful and affecting." —The New Yorker From the celebrated poet behind bone, a collection of poems that tells a story of coming-of-age,

uncovering the cruelty and beauty of the world, going under, and finding redemption Through her signature sharp, searing poems, this is the story of Yrsa Daley-Ward and all the things that happened. "Even the terrible things. And God, there were terrible things." It's about her childhood in the northwest of England with her beautiful, careworn mother Marcia; the man formerly known as Dad (half fun, half frightening); and her little brother Roo, who sees things written in the stars. It's also about the surreal magic of adolescence, about growing up and discovering the power and fear of sexuality, about pitch-gray days of pills and powder and connection. It's about damage and pain, but also joy. With raw intensity and shocking honesty, *The Terrible* is a collection of poems that tells the story of what it means to lose yourself and find your voice. "You may not run away from the thing that you are because it comes and comes and comes as sure as you breathe."

Keith Magnuson Feb 21 2020 Written with the full support of Keith Magnuson's wife and children, this thrilling and insightful biography pays tribute to a Chicago icon and true hockey legend. One of the most popular Chicago Blackhawks of all time, defenseman Keith Magnuson was raised on the raw, rough traditions of hockey in western Canada. He captained the University of Denver team to its second straight NCAA championship in the spring of 1969 and by autumn joined Blackhawks stars Bobby Hull, Stan Mikita, and Tony Esposito, becoming the much-needed "policeman" for the team. Over the course of the next several seasons, Magnuson and the Blackhawks fell painfully short of their Stanley Cup aspirations; nonetheless, Magnuson's leadership qualities led to his being named captain of the team. On December 15, 2003, Magnuson was in Toronto riding in a car driven by former player, Rob Ramage: he was killed when the car veered over the center line and struck an oncoming vehicle. As veteran sportswriter Bob Verdi described Magnuson upon his retirement from the Blackhawks, "there have been many finer athletes in Chicago, but not one finer person," and this biography shares the story of his remarkable life.

Now, in *The How*, Yrsa encourages readers to begin, as she puts it, the great work of meeting ourselves. Don't Make No Waves...Don't Back No Losers Mar 04 2021 Tis is simply the best book that has been written about politics in Chicago. In the words of Andrew M. Greeley, "It is a very astute and dispassionate analysis of Chicago political life--far and away the best I have ever seen. Rakove is without illusions about either the right or the left." Rakove brings to his study an intimate knowledge of Chicago and the Daley machine, a practitioner's understanding of street-level politics, and a scholar's background in political theory. Blending anecdote with theory and description in a lively style, Rakove has bridged the gap between scholar and layman in a work that will appeal to both.
