The perfect gift for anyone who loves knitting, no matter the occasion: Mother's Day Birthday Stocking Stuffer Knitters Knitting paper is used to design knitting charts for new patterns. Our grid uses rectangular spaces rather than square to reflect the actual shape of knitting stitches. For most knitting projects, choose

the 4:5 ratio. This ratio means that 4 stitches measure the same length as 5 rows (40 stitches = 50 rows). For knitting with oversized, thick yarn or knitting double, the 2:3 ratio may be more appropriate. The 2:3 ratio means that 2 stitches measure the same length as 3 rows (20 stitches = 30 rows) Use this paper to put down your thoughts and organize your knitting projects! Great for those who make new products or teach knitting. Also, it's good to use to keep track of where you are in your project as well. The Knit & Crochet Planner is a simple, comprehensive approach to organizing your knitting and crochet projects and inventory. This book includes 130 pages for knitters, loom knitters and crocheters. It includes project planning sheets with pattern, yarn and tool information to keep you on track plus extra graph and note pages. Also, donation, gift and sales logs so you know where your finished projects are going. And inventory sheets so you can see at a glance what needles, hooks and knitting looms you have before you start a project. Use the Knit & Crochet Planner as a journal to keep track of all your projects in one place or cut out the pages to keep them with your current project. Either way you're going to love the convenience of having all the information about your latest knit or crochet project at your fingertips. Project Pages: If you are anything like me you get excited about a new pattern and want to dive in, so your current project gets set aside. You know what I'm talking about! Soon you have projects in every room with scribbled notes in the margins on the pattern. Or worse yet the pattern gets lost and you can't even remember the name of it. To help stay organized I sat and thought out my ideal way to keep track of my WIP. (That's Work in Progress in case you didn't know.) That became the basis for the Project Page that any needle knitter, loom knitter, or crocheter can use. It includes project vitals like pattern, gauge, yarn, tools and other details plus room for extra notes (goodbye margin scribbles) and a grid for making changes or adding embellishments that can be referenced again and again. The individual pages are marked with dashed lines to cut out easily with scissors so you can place it in protective sleeve with your pattern to take it on the go. I also included a handy reference chart at the bottom of each project page that suggests equivalent needle, loom and crochet hook sizes for the appropriate yarn weight. Metric numbers are also included for the UK/AU standard for yarn. There are 30 double-sided Project Pages included in the workbook as well as extra pages for additional notes and full page graph paper for planning larger projects. Tracking Logs: Donations: If you knit or crochet for charity you already know that each organization has their own specifications for the types of items they accept. If you've ever knit 100 hats and had them rejected you NEED this workbook. The Donations Checklist includes all the information you need for each organization including, contact info, yarn and project requirements and more. On the back of the checklist is a log to keep track of each group donated items for that charity. Gifts: Don't ever give the same gift twice! Keep track of who got the red fingerless gloves for Christmas and if you already gave Aunt Fran a blue hat with a yellow flower for her birthday. Sales: The sales logs help you manage your new business venture. Whether you sell at craft fairs, the local coffee shop, online storefronts or even commissioned work this is a great way to start tracking your sales. Inventory: Tool inventory sheets help track your knitting needles, crochet hooks and knitting looms. There are multiple Inventory sheets for use in each of these categories; Straight Needles, Circular Needles, DPNs (Double Pointed Needles), Knitting Looms, and Crochet Hooks. We tried to give enough pages in each for an average to large stash. In total there are 32 inventory pages. Get your copy today and grab one for a fellow yarnie. Believe me they'll thank you!
