"A perfectly executed, exquisitely reported parable of the Internet age and the wild, mad adventure that is start-up culture."—Charles Duhigg Fortune, mania, genius, philanthropy—the bestselling author of *Mountains Beyond Mountains* gives us the inspiring story of Paul English, the founder of Kayak and Lola. Tracy Kidder, the “master of the nonfiction narrative” (*The Baltimore Sun*) and author of the bestselling classic *The Soul of a New Machine*, now tells the story of Paul English, a kinetic and unconventional inventor and entrepreneur, who as a boy rebelled against authority. Growing up in working-class Boston, English discovers a medium for his talents the first time he sees a computer. As a young man, despite suffering from what would eventually be diagnosed as bipolar disorder, he begins his pilgrim's journey through the ups and downs in the brave new world of computers. Relating to the Internet as if it's an extension of his own mind, he discovers that he has a talent for conceiving innovative enterprises and building teams that can develop them, becoming “a Pied Piper” of geeks. His innovative management style, success, and innate sense of fair play inspire intense loyalty. Early on, one colleague observes: “Someday this boy's going to get hit by a truck full of money, and I'm going to be standing beside him.” Yet when English does indeed make a fortune, when the travel website Kayak is sold for almost two billion dollars—the first thing he thinks about is how to give the money away: “What else would you do with it?” The second thing he thinks is, What's next? With the power of a consummate storyteller, Tracy Kidder casts a fresh, critical, and often humorous eye on the way new ideas and new money are reshaping our culture and the world. *A Truck Full of Money* is a mesmerizing portrait of an irresistibly endearing man who is indefatigable, original, and as unpredictable as America itself. Praise for *A Truck Full of Money* “Kidder's prose glides with a figure skater's ease, but without the glam. His is a seemingly artless art, like John McPhee's, that conceals itself in sentences that are necessary, economical, and unpretentious.”—*The Boston Globe* “Kidder's portrayal of living with manic depression is as nuanced and intimate as a reader might ever expect to get. . . . You can't help admiring Mr. English and cheering for him.”—*The New York Times* Did you call for a truck full of ducks? Join the flock on this wacky call-and-response ride to find out just WHO did--and why. On January 12, 2010, the deadliest earthquake in the history of the Western Hemisphere struck the nation least prepared to handle it. Jonathan M. Katz, the only full-time American news correspondent in Haiti, was inside his house when it buckled along with hundreds of thousands of others. In this visceral, authoritative first-hand account, Katz chronicles the terror of that day, the devastation visited on ordinary Haitians, and how the world reacted to a nation in need. More than half of American adults gave money for Haiti, part of a monumental response totaling \$16.3 billion in pledges. But three years later the relief effort has foundered. It's most basic promises—to build safer housing for the homeless, alleviate severe poverty, and strengthen Haiti to face future disasters—remain unfulfilled. *The Big Truck That Went By* presents a sharp critique of international aid that defies today's conventional wisdom; that the way wealthy countries give aid makes poor countries seem irredeemably hopeless, while trapping millions in cycles of privation and catastrophe. Katz follows the money to uncover startling truths about how good intentions go wrong, and what can be done to make aid “smarter.” With coverage of Bill Clinton, who came to help lead the reconstruction; movie-star aid worker Sean Penn; Wyclef Jean; Haiti's leaders and people alike, Katz weaves a complex, darkly funny, and unexpected portrait of one of the world's most fascinating countries. *The Big Truck That Went By* is not only a definitive account of Haiti's earthquake, but of the world we live in today. The trucks are having a surprise party! Dump Truck, Fire Truck, Car Transporter, and more truck friends will all be there. They each have a special job to do to help get ready. But who is the guest of honor? Kids will love naming each colorful truck as it appears on the scene and guessing the identity of the mystery birthday truck. Durable board pages make this book as tough as the vehicles starring in it. "One man's quest to recover from great success"--Front cover. New York Times bestselling illustrator Mike Rex's vivid, vehicle-filled scenes are the perfect match for this enthusiastic celebration of big rigs and big imaginations. Bulldozers and back-hoes, pavers and plows, trailers and tractors--the world is filled with so many types of trucks! Imagine the fun you could have if you could drive them all! And what if you could bring your best friends along with you? Hop along for a thrilling ride! This playful romp is sure to delight truck lovers everywhere! When too many barnyard friends climb in to go to town, Chuck's truck breaks down, but Handyman Hugh knows just what to do. The garbage truck goes, "BRRRRRRRR SCREETCH BEEP-BEEP-BEEP CRUNCH CRUNCH CRUNCH" The fire engine goes, "WHEE-OOO WHEE-OOO WHEE-OOO" The cement truck goes, "VERRRRR JIGGA JIGGA VRRRRUMMMMM" Seven popular vehicles grumble, roar, and crunch their way through this very simple, graphically appealing board book. Perfect for the young truck enthusiast. From the petting farm to the county fair, these trucks are cock-full of fun surprises. Lift the flaps to find out what's inside. On board pages. Sample Book Insights: #1 Paul English was the CEO of Kayak Software Corporation, and he had just announced that the company had merged with Priceline. The audience was ecstatic. #2 After the meeting, Paul sat at his computer writing thank you emails to the team's congratulatory emails. He seemed unhappy about the news, but not in a mood to celebrate. #3 Paul had created the engineering office in Concord, Massachusetts, as a place where he could put odd employees who fit his personality. He would come across as a force field of energy, and many were drawn to him and lifted by him. #4 At Concord, Paul had amenities for his team such as modernist paintings and a kitchen with free snacks and drinks. He also had two coffee bars with expensive espresso makers.
