One Joe was in his ninety-seventh year when he died in 2005; the other Joe died the same year at age forty-five. Both died before their time. This book explores the interplay between personal creativity and the craft of animation storytelling, as seen through the lives and art of two of its greatest practitioners: Joe Grant and Joe Ranft. Grant and Ranft were unique influences on storytelling at two major studios during important periods in the history of animation. Joe Grant, in fact, straddled two eras. A gifted newspaper caricaturist, he contributed ideas for Mickey Mouse and Silly Symphony shorts as well as classic masterworks like Snow White and the Seven Dwarfs; Pinocchio; Fantasia; and Dumbo. As Walt Disney's confidant, Grant played a leading role in defining Disney's pioneering animation legacy. He returned to the studio at eighty-one after a forty-year hiatus, his creative spirit and abilities undiminished, and made significant contributions to Beauty and the Beast; Aladdin; Mulan; and The Lion King, among others. Joe Ranft built on the traditions of the past forged by Grant and others to become the top animation storyboard artist of his generation, working on Tim Burton's The Nightmare Before Christmas; The Brave Little Toaster; Who Framed Roger Rabbit; James and the Giant Peach; The Little

Mermaid; and Beauty and the Beast, among other films. As one of Pixar's creative founders and a close friend of John Lasseter's, Ranft had a major influence on the studio's signature originality, warmth, and irreverent humor, through his contributions to Toy Story; Toy Story 2; A Bug's Life; Monsters, Inc.; and Cars. Grant and Ranft were inventive and imaginative, with keen insight into characters, and they inspired colleagues and entertained audiences around the world. Although their combined careers spanned the Golden Age of traditional animation that began in the 1930s at The Walt Disney Company and became the present digital age at Pixar Animation Studios, their extraordinary contributions remain largely unknown to the public. As the Walt Disney Studio entered its first decade and embarked on some of the most ambitious animated films of the time, Disney hired a group of "concept artists" whose sole mission was to explore ideas and inspire their fellow animators. They Drew as They Pleased showcases four of these early pioneers and features artwork developed by them for the Disney shorts from the 1930s, including many unproduced projects, as well as

for Snow White and the Seven Dwarfs, Pinocchio, and some early work for later features such as Alice in Wonderland and Peter Pan. Introducing new biographical material about the artists and including largely unpublished artwork from the depths of the Walt Disney Archives and the Disney Animation Research Library, this ebook offers a window into the most inspiring work created by the best Disney artists during the studio's early golden age. They Drew as They Pleased is the first in what promises to be a revealing and fascinating series of books about Disney's largely unexamined concept artists, with six volumes spanning the decades between the 1930s and 1990s.
