Entanglements of Two: A Series of Duets Jan 22 2023 Drawing out the
particularities of working in twos, with a focus on collaborative performance
making, this book considers the duet as a particular configuration in which to
think, the duo a microcosm of humankind, and presents everyday
entanglement of form and practice seen through the lens of the smallest
multiple unit. This book explores the practical, philosophical and aesthetic
implications of performers working in pairs. It focuses on a ten-year period in
the work of Karen Christopher, alongside wider reflections on the duet as a
concept in artistic and social life. The book presents an investigation of the
entanglement of form and practice seen through the lens of the smallest
multiple unit of collaboration: the pair. During this ten-year period,
Christopher set out to create a series of duets by working with one other
artist. The 25 pieces in the collection includes reflections from an
international group of collaborators, artists, linguists, physicists, theologians,
philosophers and performance scholars. Many of them deal with the question
of artistic collaboration and entanglement, contemplating the significance of
those terms both on an interpersonal and global level. This book provides a
fascinating insight into the creative working process of a particular artist,
whilst providing a blueprint for how collaboration might take place. There are
many passages that might provide inspiration for other artists and overall the
book makes a moving and heartfelt plea for interpersonal open-ness and
mutual investment. Primary readership will be among international theatre-
makers, artists, performance and art scholars, philosophers, teachers,
directors, actors, dancers, performance artists and those interested in creative
and personal writing about performance, art and art-making. It will be of*

particular relevance to those with an interest in Karen Christopher, or in the other contributors.

A Grammar of the English Language, in a Series of Letters Oct 19 2022

An Egyptian Reading Book for Beginners Nov 27 2020

*A Series of Unfortunate Events Complete Collection: Books 1-13 Feb 23 2023 NOW A NETFLIX ORIGINAL SERIES If you have not read anything about the Baudelaire orphans, then before you read even one more sentence, you should know this: Violet, Klaus, and Sunny are kindhearted and quick-witted, but their lives are filled with bad luck and misery. All of the stories about these three children are unhappy and wretched and will most likely fill you with deep despair. From *The Bad Beginning* to *The End*, this comprehensive collection with unfortunate bonus material that may or may not include trivia questions, character profiles, and several very sad sentences is the only choice for people who simply cannot get enough of a bad thing!*

The Warlord of Mars Sep 25 2020 John Carter risks everything to rescue his wife, Princess Dejah Thoris, from the clutches of his evil adversaries, but he is always just one step behind! His battles cover the face of the red planet, as his quest carries him ultimately to the mysterious northern pole. Will this civilization, submerged in ice, prove fatal to our hero? This is the third of eleven in the popular 'Martian' series by Edgar Rice Burroughs.

Park Avenue Player Jan 18 2020 Elodie and Hollis LaCroix's paths cross once in a fender bender, then again when Elodie lands the job caring for Hollis' troubled niece, but neither of them their flirtation to lead to something more.

The Noble Family, a Novel Nov 08 2021

Bedtime for Bear Oct 27 2020 Wintertime is here, and that means it is bedtime for Bear. But Bear's friends don't think so. They want Bear to come and play outside in the snow. Bear can hear his friends calling. He hears them laughing and playing. Bear can't sleep. But it's bedtime! What is a bear to do?

Essays in a Series of Letters ... The twenty-ninth edition Aug 25 2020

A Series of Unfortunate Events Collection: Books 7-9 Mar 20 2020 NOW A NETFLIX ORIGINAL SERIES A Warning from the Publisher: Would you rather sprain your ankle, bruise your hip, and lose a toe to frostbite on the same day? Or would you rather have these accidents happen on three

different days? This electronic collection of volumes seven through nine in A Series of Unfortunate Events by Lemony Snicket is the e-equivalent of having three ghastly accidents right in a row. Contained here are such unpleasantries as kidnapping, disguise, murder, paperwork, another disguise, heart-shaped balloons, false allegations, stiletto heels, a shattered crystal ball, a cryptic map, an irritating song, and quite a few more disguises, all bundled together into a continuous barrage of horror and dismay. The more sensible approach would be to read The Vile Village, The Hostile Hospital, and The Carnivorous Carnival months or even years apart from one another, so you have time to recuperate from the misery each volume offers—or better yet, to turn your eyes away from Mr. Snicket's work and find an electronic experience that would cause you no distress whatsoever.

The Gleaner Sep 06 2021

A Series of Unfortunate Events Collection: Books 4-6 Feb 28 2021 NOW A NETFLIX ORIGINAL SERIES A Warning from the Publisher: Imagine you are wearing a bandage that needs to be removed. Are you the sort of person who tears the bandage right off, causing an enormous amount of pain in a short instance? Or do you prefer to spread your pain out over a longer period of time, by slowly unpeeling the bandage from your injury? If you are the first type of person, then this three-book electronic collection might be for you. All of the misery and woe available in three Lemony Snicket volumes—The Miserable Mill, The Austere Academy, and The Ersatz Elevator—have been joined into one compactly miserable package, so readers foolish enough to read about the Baudelaire orphans can be unnerved in a slightly more economical fashion. If you are the second type of person, then volumes four through six in A Series of Unfortunate Events might be for you. Even if you unwisely choose to read them at a more leisurely pace, you will encounter such atrocities as poorly paid employees, a hypnotist, an evil scheme, a gym teacher, dripping fungus, another evil scheme, a fake accent, three mysterious consonants, a red herring, and at least one more evil scheme. Of course, most people would prefer not to be injured at all. We salute these sensible people, who will doubtless not purchase any books by Lemony Snicket, no matter how conveniently bundled.

Psychopathology Jan 30 2021

The American Church History Series Apr 20 2020

The Substance of a Series of Discourses [on Matt. Xxviii. 19, 20] on Baptism, Preached Prior to a General Confirmation; in which it is Shown that the Teaching of the Church of England on the Subject is Consentient with Holy Scripture May 14 2022

The Foxfire Book May 22 2020 First published in 1972, The Foxfire Book was a surprise bestseller that brought Appalachia's philosophy of simple living to hundreds of thousands of readers. Whether you wanted to hunt game, bake the old-fashioned way, or learn the art of successful moonshining, The Foxfire Museum and Heritage Center had a contact who could teach you how with clear, step-by-step instructions. This classic debut volume of the acclaimed series covers a diverse array of crafts and practical skills, including log cabin building, hog dressing, basketmaking, cooking, fencemaking, crop planting, hunting, and moonshining, as well as a look at the history of local traditions like snake lore and faith healing.

A Series of Letters Nov 15 2019

An Apology for the Bible, in a series of letters, addressed to Thomas Paine, author of a book entitled, The Age of Reason, etc Mar 12 2022

*A Series of Unfortunate Events Collection: Books 10-13 Oct 07 2021 NOW A NETFLIX ORIGINAL SERIES A Warning from the Publisher: If you have come this far, it is likely too late. Readers who have experienced the first nine volumes in A Series of Unfortunate Events by Lemony Snicket are usually so weakened by their dreadful knowledge of the Baudelaire orphans' story that they spend most of their time moaning and weeping, and have no strength to read *The Slippery Slope*, *The Grim Grotto*, *The Penultimate Peril*, or *The End*. If, by chance, your moaning and weeping is more or less under control, there is no need to further risk your physical, emotional, and literary health by reading the four remaining volumes in the series. It would be better to regain your strength by spending your time indulging in less alarming activities, such as whistling or making cupcakes for the elderly. After all, this collection contains all of the calamities in the last four volumes of A Series of Unfortunate Events, including abandoned condiments, cigarette smoking, a shocking revelation, a ridiculous laugh, a fearsome storm, a herd of wild sheep, a truly haunting secret about the Baudelaire parents, another shocking*

revelation, and Phil. There is no need to expose yourself to such atrocities, not after all you've been through already.

The North American Indians: Being a Series of Conversations Between a Mother and Her Children, Illustrating the Character, Manners, and Customs of the Natives of North America, Etc Feb 11 2022

You Don't Know JS: Scope & Closures Jul 04 2021 No matter how much experience you have with JavaScript, odds are you don't fully understand the language. This concise yet in-depth guide takes you inside scope and closures, two core concepts you need to know to become a more efficient and effective JavaScript programmer. You'll learn how and why they work, and how an understanding of closures can be a powerful part of your development skillset. Like other books in the "You Don't Know JS" series, *Scope and Closures* dives into trickier parts of the language that many JavaScript programmers simply avoid. Armed with this knowledge, you can achieve true JavaScript mastery. Learn about scope, a set of rules to help JavaScript engines locate variables in your code Go deeper into nested scope, a series of containers for variables and functions Explore function- and block-based scope, "hoisting", and the patterns and benefits of scope-based hiding Discover how to use closures for synchronous and asynchronous tasks, including the creation of JavaScript libraries

Ion Exchange and Solvent Extraction Dec 29 2020 The growth in the world's nuclear industry, motivated by peaking world oil supplies, concerns about the greenhouse effect, and domestic needs for energy independence, has resulted in a heightened focus on the need for next-generation nuclear fuel-cycle technologies. *Ion Exchange and Solvent Extraction: A Series of Advances, Volume 19* provides a comprehensive look at the state of the science underlying solvent extraction in its role as the most powerful separation technique for the reprocessing of commercial spent nuclear fuel. Capturing the current technology and scientific progress as it exists today and looking ahead to potential developments, the book examines the overall state of solvent extraction in reprocessing, new molecules for increased selectivity and performance, methods for predicting extractant properties, and actinide-lanthanide group separation. The contributors also explore the simultaneous extraction of radionuclides by mixing extractants, the cause and nature of

third-phase formation, the effects of radiation on the solvent and its performance, analytical techniques for measuring process concentrations, new centrifugal contactors for more efficient processing, and new chemistry using novel media. The long-term vision of many professionals in the field entails a proliferation-free nuclear energy economy in which little or no waste is stored or released into the environment and all potential energy values in spent nuclear fuel are recycled. This text opens a window on that possibility, offering insight from world leaders on the cutting edge of nuclear research.

A Series of Unfortunate Events 01. The Bad Beginning Dec 09 2021 There is nothing to be found in the pages of A Series of Unfortunate Events but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasantries befall the charming and clever Baudelaire children read on . . . In The Bad Beginning the three youngsters encounter a greedy and repulsive villain, itchy clothing, a disastrous fire, a plot to steal their fortune and cold porridge for breakfast. Then again, why trouble yourself with the unfortunate resolutions? With 5 million copies sold in the UK alone, one might consider Lemony Snicket's A Series of Unfortunate Events to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.
